

New Release

We are pleased to announce that we now offer a Right Hand 3 Position Door Switch, option D308600004, available with our electric operated entrance door for the Saf-T-Liner C2. The availability of this switch type and location allows us to meet vehicle specification compliance within certain states and districts with the electric operated entrance door. This switch type and location will continue to be available for air operated entrance doors on the Saf-T-Liner C2 as well.

Features and Benefits

Availability of the right hand located, 3 position switch in combination with our electric operated entrance doors allows customers flexibility to meet specifications with their preferred entrance door type – air or electric.

Ordering

Option D308600004 is now available for new orders with the electric operated entrance door on Saf-T-Liner C2. Change order requests for committed quotes will be subject to material lead times.
