**NO:** D-20-18

**DATE:** November 25, 2020

**SUBJECT:** (X86) Active Head Restraint –  
Select 2012 – 2017 Jeep Compass/Jeep  
Patriot (MK) and 2012 Dodge Caliber (PM)  
(Rev. A)

**FOR:** All U.S. Dealers

All U.S. Business Centers

\*\*\*\*\*Revisions are noted in RED\*\*\*\*\*

## PURPOSE:

To announce a warranty extension on the **Active Head Restraint** on the following vehicles:

- 2012 – 2017 Jeep Compass/Jeep Patriot (MK)
- 2012 Dodge Caliber (PM)

**NOTE:** This warranty extension coverage period for 2012 – 2017 model year vehicles is 10 Years/ Unlimited Miles from the vehicle's In-Service Date.

## TIMING:

Effective Immediately

## ACTION:

Always check *DealerCONNECT* or *WiADVISOR VIP* to verify if a vehicle is involved in a warranty extension. A vehicle involved in this warranty extension will display an **(X86) Active Head Restraint** message in VIP. If no (X86) coverage message displays in VIP, the vehicle is not in the scope of this warranty extension and no further action is required on your behalf.

All technicians are required to familiarize themselves with Service Bulletin **23-029-20 Rev. A** before replacing the Active Head Restraint on select vehicles. This Service Bulletin has been released to assist all dealers in the proper diagnosis and replacement of the Active Head Restraint.

**NOTE:** Due to the complexity of this Warranty Extension, an inspection must be performed and confirmation of failure must be completed before ordering parts. For 2012-2018, the dealer inspection must occur within the warranty extension period. The repair can occur outside of this time period. **ONLY** order parts if the striker pin is not attached to the sled bracket. This will

result in the Front Active Head Restraint to not be resettable due to internal damage. The failure rate for this condition is extremely low. In the instance a customer vehicle qualifies and parts are ordered **(it may take 2-5 months for the part to arrive at the dealership)**, notify the customer when the part becomes available and then complete the repair. The part delivery timing is due to the large number of unique trim and color combinations.

The Global Claim System (GCS) will honor the warranty extension coverages on the standard warranty labor operation number(s).

Refer to Service Bulletin **23-029-20 Rev. A** for Part and LOP information.
