Product Change Notice - Level Up Advantage Transition for OCTP Interface Systems

Dear Valued Customer:

LCI has made a change to the graphical user interface on its OneControl Touch Panel for leveling systems. This change will affect the visual appearance of the leveling control, but not the physical operation of the leveling system. The current controller part number 425749 will be replaced by part number 807615. The leveling kit number will remain the same.

Examples of the changes are as follows:

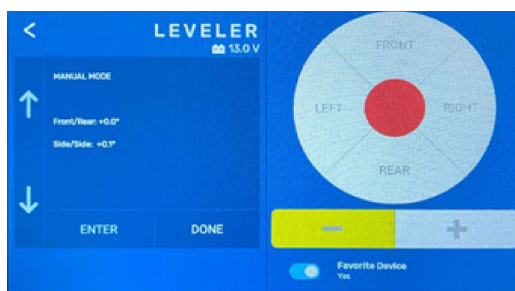

Current Interface

New Interface

Current Interface - Manual Mode

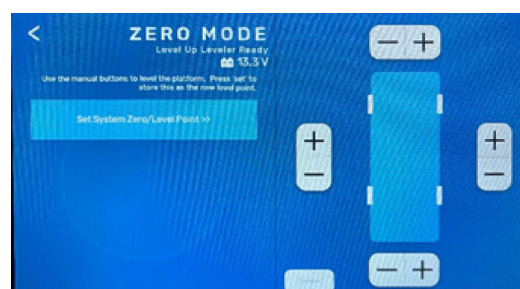

New Interface - Manual Mode

Current Interface - Zero Mode

New Interface - Zero Mode

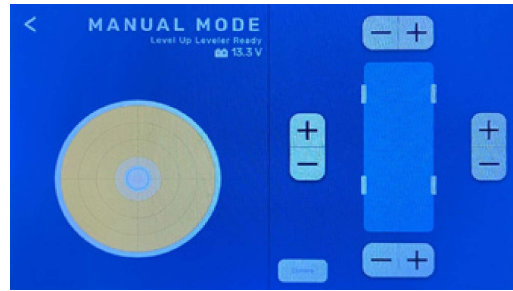

Added Screens for New Interface

Added Screen for Diagnostics

Added Screen for Manual Mode

If you have any questions, please feel free to call me directly or your LCI representative. We value and appreciate your business and partnership.

Sincerely,

Zachary Inbody

Sales Engineer

Frequently Asked Questions:

- 1. Will a new part number be required?** The currently ordered kit numbers will not change. However, the individual PN 425749 will be obsoleted for PN 807615
- 2. Does the price change for the item?** No, there is no price change.
- 3. Is the new part wholly interchangeable with the previous version of the part?** Yes, the controllers are backward compatible.
- 4. Does the customer need to replace inventory?** No, the change will be made immediately.
