Subject: C2 School Bus Aft Fuel System Harness Update

Models Affected: C2 School Buses

Freightliner Custom Chassis has determined that the aft fuel system wiring harness on C2 School Buses may not have been built as the schematic indicates. The vehicle should be inspected. If the harness is found to have been incorrectly built, it will be repaired.

This notice is not considered safety related; it is a customer notification and recommendation that the aft fuel system wiring harness be inspected and, if needed, corrected.

Authorized DTNA Service Centers will inspect and, if needed, correct the wiring harness. Please contact your local dealer before the expiration date of this notice to schedule an appointment to have this work performed.

This work will be performed at no charge if completed before March 31, 2022.

Please direct any questions to Freightliner Custom Chassis at 800-FTL-HELP (800-385-4357) or alternatively, you may send an email to Fcccservice@daimler.com.

Thank you

Freightliner Custom Chassis.
