

2019 Pleasureway Lexor customer states the leather on the driver's seat bottom edge are coming apart. Asking if would be warranty thru Pleasureway.

We will cover the replacement of the driver seat ultra-leather seat cushion **cover** this time. Next time, this will be part of customer maintenance because based on the picture you sent, those abrasion (which is exactly on that left corner when sitting on driver seat) is caused when driver is sitting and get up off the seat each time their using the coach and in a period of more than 1 ½ years you will see that kind of abrasion.

The part still have to be made. Once this is available we will ship the part. Please provide us the address where to ship this part. Or do we just ship this to customer address?

Then take to an auto upholster for install. It takes 1.0 hour to install the driver seat cushion ultra-leather **cover**.
