Interior Comfort Mode

Vehicle Information

VIN: 3AKJHHDR6NSMX8687

Model: NEW CASCADIA 126 INCH
SLEEPERCAB

Model Year: 2022

Mileage: 153 miles

Make: FTL

Base Model: PT126SLP

Are you currently seeing this same issue on other DTNA vehicles at your location?: yes

Vehicle Systems Involved

OTHER SYSTEM (Opti Idle)

We are trying to disable interior comfort mode on our trucks to lower our idle times. We found the option to disable between upper and lower limits as well mark it as inactive. We have done this on previous year models and it took the option to turn interior comfort mode on out of the dash. We have not made any spec changes in the last couple of years. Has anyone run into this issue?
