

AT&T Hotspot Error Message

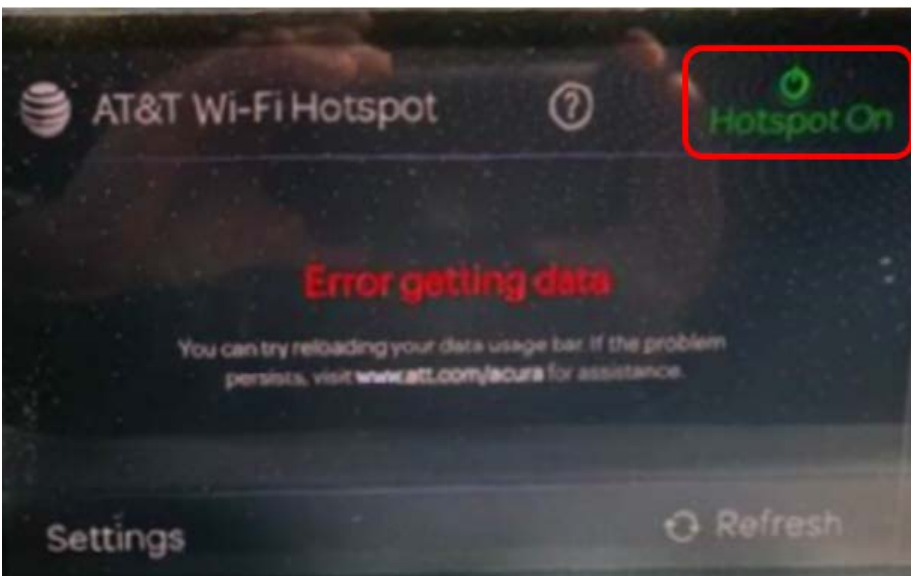

AFFECTED VEHICLES

Year	Model	Trim Level
2022	MDX	ALL

Do you have a client with a complaint that their AT&T Hotspot has an error message? If they have an active AT&T data plan, but they get a message “Service not supported”; this is a known software bug. Please inform the client that an OTA update will be released soon to address this concern.

If you select **Exit**, you will still be able to turn on the Hotspot by touching the area shown.
