Correction:

General Motors Technical Assistance Center part restriction on the transmissions and the valve bodies for the 2020-2021 Chevrolet Silverado and GMC Sierra New HD Models has ended.

We would like to thank all dealers who participated in this restriction for their cooperation.

These transmissions and valve bodies can now be ordered through the regular GM CCA parts process or PQC process for required dealers (Canada).

Use the vehicle identification number (VIN), SI, and the GM Electronic Parts Catalog to determine the correct part to order.
