EUROPEAN TO US NAVIGATION CONVERSION CODE

The part numbers listed below are used to convert European Maps to US. To confirm which is needed, refer to AIR > Navigation Map.

In the example below, part number 65 90 2359875 would be ordered via PMP to convert the SWID 0120 (ECE) to SWID 0121 (US). The FSC Code will be available to download in ENCS.

The screenshot shows the BMW AIR interface for a BMW X3 M40i A. The 'Navigation map' section is expanded, showing a note: 'Note: The installed map cannot be identified. One of the following maps could be installed in the vehicle.' Below this is a table with navigation map details.
