Condition

REVISION HISTORY		
Revision	Date	Purpose
2	-	Revised title (Corrected from MIB2+ to MIB3)
1	04/09/2021	Initial publication

Customer states:

- The detailed intersection map displayed in the Audi virtual cockpit flickers.
- The detailed intersection map displayed on the HUD flickers as well.

Technical Background

A software related issue can cause the display windows to flicker.

Production Solution

Not applicable.

Technical Service Bulletin

Service

1. Explain to the customer that a solution is forthcoming for the 4th quarter of 2021 and that no repairs are necessary at this point. Do not replace any components for this condition since this will not resolve the customer's concern.
2. Create a PSS record in the PSS application through the Pending Service Solutions (PSS) link in AccessAudi (under *Related Links >> Service*), or through the Technical Assistance page in Elsa.

Warranty

This TSB is informational only and not applicable to any Audi Warranty.

Additional Information

All part and service references provided in this TSB (2062942) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
