

WMC7 Workshop campaign - Supplying charging electronics (Porsche Mobile Charger Connect)

Version 2

WMC7 Workshop campaign - Supplying charging electronics (Porsche Mobile Charger Connect)

Overview

The affected vehicles were delivered from the factory without charging electronics (Porsche Mobile Charger Connect) and a vehicle charging cable.

For this reason, the charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable must be supplied.

Please arrange for this measure to be carried out on the affected vehicles during the next workshop visit or before handing the vehicles over to customers.

Note: Before carrying out this campaign, check vehicle history first in PCSS. If the missing charging electronics were already provided through warranty, the campaign no longer applies, and the "campaign

not feasible - scope of campaign already completed before campaign release" option must be selected in PCSS. In this scenario, the "warranty relevant flag" must be selected in order to transfer the \$0 job line to WWS and close the campaign.

Model type	Taycan (Y1A)
Model year	2021
Number	456

Parts required

Part No.	Designation	Quantity/vehicle
9Y0971675BL	Porsche Mobile Charger Connect 9.6 kW Type UL	1 unit
7PP971676BC	Charging cable for vehicle side, Type 1 – 2.5 m (I-no. EH1)	1 unit
or (depending on equipment) - see assigned scope		
7PP971676BD	Charging cable for vehicle side, Type 1 – 7.5 m (I-no. EH2)	1 unit

Ordering required parts

Please only place orders after verifying that the affected vehicle has not already received the missing charging equipment through warranty prior to this campaign release.

Please open a parts PRMS ticket, referencing the affected VIN for parts release on this campaign.

Warranty processing

Validity:

This workshop campaign will be carried out up to 3/25/2026 and will be closed by the specified date. Please note that warranty claims can only be processed before this date.

Important:

Before carrying out this campaign, check vehicle history first in PCSS. If the missing charging electronics were already provided through warranty, the campaign no longer applies, and the "campaign not feasible - scope of campaign already completed before campaign release" option must be selected in PCSS. In this scenario, the "warranty relevant flag" must be selected in order to transfer the \$0 job line to WWS and close the campaign.

Scope 1: Vehicle with 2.5 m vehicle charging cable (I-no. EH1)

Damage code	WMC7 66 000
Repair code	1
Working time	10 TU

Scope 2: Vehicle with 7.5 m vehicle charging cable (I-no. EH2)

Damage code	WMC7 66 000
Repair code	1
Working time	10 TU

Please enter the campaign that was carried out in the Warranty and Maintenance booklet for the vehicle.
