

WMC7 - Supplying Charging Electronics (Porsche Mobile Charger Connect) (Workshop Campaign)

Vehicle Type: **Taycan (Y1A)**

Model Year: **2021**

Country/Market: USA (C02)
 Puerto Rico (C02)
 Canada (C36)

Concerns: **Charging electronics (Porsche Mobile Charger Connect)**

Information: **The affected vehicles were delivered ex-works without charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable.**

Action required: Supply charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable.

Affected Vehicles: Only vehicles assigned to the campaign (See also PCSS Vehicle Information).

Important: Always check vehicle history in PCSS. If the missing charging electronics were already provided through warranty, the campaign no longer applies, and the **"campaign not feasible - scope of campaign already completed before campaign release"** option must be selected in PCSS. In this scenario, the **"warranty relevant flag" must be selected** in order to transfer the \$0 job line to WWS and close the campaign.

Parts required

Parts Info:	Part No.	Designation	Qty.
		- Use	
	9Y0971675BL	⇒ Porsche Mobile Charger Connect 9.6 kW Type UL	1 ea.
	7PP971676BC	⇒ Charging cable for vehicle side, Type 1 - 2.5 m (I-no. EH1)	1 ea.
	or (depending on equipment) - see assigned scope		
	7PP971676BD	⇒ Charging cable for vehicle side, Type 1 - 7.5 m (I-no. EH2)	1 ea.

Supplying charging electronics (Porsche Mobile Charger Connect)

WARNING

Unsecured load

- An unsecured, incorrectly secured or incorrectly positioned charger can slip out of place and endanger occupants when braking, accelerating, changing direction or in the event of an accident.
- ⇒ Never transport the charger unsecured.
- ⇒ Stow the charger in the charging bag* in the luggage compartment.
- ⇒ Always transport the charging bag* in the luggage compartment, never in the passenger compartment (e.g. on or in front of the seats).

Information

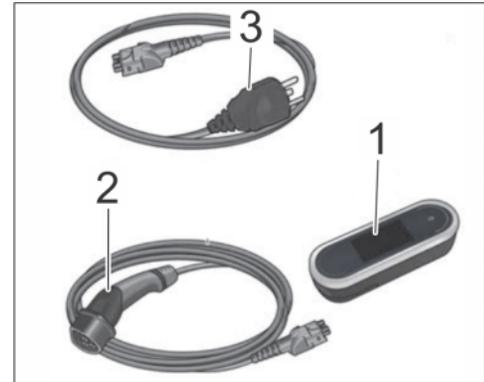

*The charging equipment will be supplied with or without a transport bag, depending on the vehicle equipment. On vehicles with BOSE or Burmester sound package (I-no. 9VL/9VJ), the charging equipment is supplied in a black charging bag in the vehicle. On vehicles with sound package 1 (I-no. 9VK), the charging equipment is supplied in a plastic bag.

Work Procedure: 1 Place charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable in the vehicle.

Part No.	Designation	Qty.
9Y0971675BL	Charging electronics (Porsche Mobile Charger Connect) 9.6 kW Type UL	1 ea.
7PP971676BC or (depending on equipment) - see assigned scope	Charging cable for vehicle side, Type 1 – 2.5 m (I-no. EH1)	1 ea.
7PP971676BD	Charging cable for vehicle side, Type 1 – 7.5 m (I-no. EH2)	1 ea.

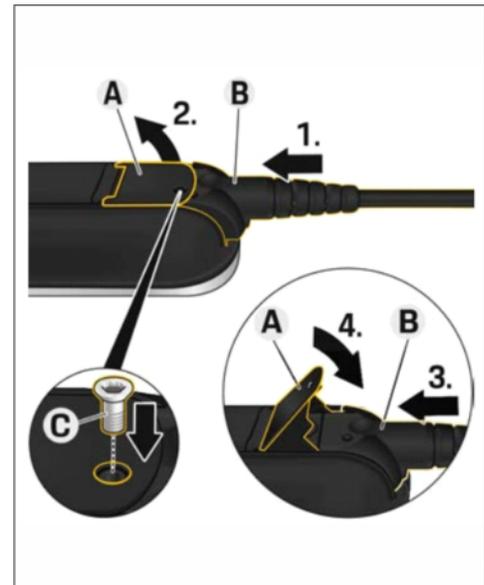

2 Secure vehicle charging cable ⇒-2- and power cable ⇒-3- to the charging electronics (Porsche Mobile Charger Connect) one after the other ⇒-1-.

- 1 – Charging electronics (Porsche Mobile Charger Connect) (**supplying**)
- 2 – Vehicle charging cable (**supplying**)
- 3 – Power cable

Charging equipment

- 2.1 Install vehicle charging cable on the charging electronics (Porsche Mobile Charger Connect).
- 2.2 Close **lever** and push **plug** into the charging electronics (Mobile Charger Basic) until you feel a certain amount of resistance.
- 2.3 Lift up **lever** and push the **plug** in fully.
- 2.4 Press **lever** down to close.
- 2.5 Secure **plug** to the charging electronics with the **screw**⇒-C -.
- 2.6 Once the vehicle charging cable has been secured to the charging electronics (Porsche Mobile Charger Connect), also secure the **power cable**.
To do this, **repeat Steps 2.2 to 2.6.**

Securing vehicle charging cable and power cable

Information

- If a transport bag is included in the delivery (see information above): Always stow and transport the charger in the bag. Attach the bag to the front and rear lashing points using the hooks. For information on the lashing points in the luggage compartment: See Owner's Manual. For information on the lashing points in the luggage compartment: See Owner's Manual.
- If a transport bag is not supplied (see information above): Transport the charger by stowing it in the rear luggage compartment.
- Depending on the vehicle equipment, stow the charger in such a way that occupants are not at risk in the event of danger.

- 2.7 Place assembled charging electronics (Porsche Mobile Charger Connect) in the vehicle.
- 3 Enter the campaign in the Warranty and Maintenance booklet..

Warranty processing

Important: Always check vehicle history in PCSS. If the missing charging electronics were already provided through warranty, the campaign no longer applies, and the **"campaign not feasible - scope of campaign already completed before campaign release"** option must be selected in PCSS. In this scenario, the **"warranty relevant flag" must be selected** in order to transfer the \$0 job line to WWS and close the campaign.

Scope 1: Vehicle with **2.5 m** vehicle charging cable (I-no. EH1)

Working time:

Supplying charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable

Labor time: **10 TU**

Parts required:

9Y0971675BL	Porsche Mobile Charger Connect 9.6 kW Type UL	1 ea.
7PP971676BC	Vehicle charging cable, 2.5 m	1 ea.

⇒ **Damage Code WMC7 066 000 1**

Scope 2: Vehicle with **7.5 m** vehicle charging cable (I-no. EH2)

Working time:

Supplying charging electronics (Porsche Mobile Charger Connect) and vehicle charging cable

Labor time: **10 TU**

Parts required:

9Y0971675BL	Porsche Mobile Charger Connect 9.6 kW Type UL	1 ea.
7PP971676BD	Vehicle charging cable, 7.5 m	1 ea.

⇒ **Damage Code WMC7 066 000 1**

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
