VISUAL INSTRUCTIONS ON DINETTE TABLE TILT IMPROVEMENT

1. Fig 1 illustrates the Dinette Table in bed position. The red circles shows the location of the cleats under the table which will be removed in steps 2-5.

FIG 1

- Figure 2 shows the additional L-brackets that will be added to the cleats for additional strength.

- Remove the two cleats shown in figure 1 and keep the 1 3/4" cabinet set fasteners.
- Install two L-brackets shown in fig 3 along with the cleat on the black plastic support with the 1 3/4" cabinet set fasteners. Do this process on the other side as well.

6. The improvement should look like Fig 4.

Jayco's sole obligation under our limited warranty is to repair or replace defective materials and/or workmanship deemed our responsibility as determined by Jayco in our sole discretion. Jayco reserves the right to use new and/or remanufactured parts or materials of similar quality to complete any work, and to make parts and/or design changes as appropriate without notice to anyone. Jayco designs and/or materials changes are done without obligation to incorporate such changes in previously manufactured product. Jayco makes every reasonable effort to ensure field remedies will not adversely affect performance and/or safety of the unit. This field remedy is not intended to extend to future performance of this RV, or any of its materials, components or parts beyond the standard warranty period. The RV owner's obligation to notify Jayco, or one of its independent, authorized dealers, of a claimed defect does not modify any obligation placed on the RV owner to contact Jayco directly when attempting to pursue remedies under state or federal law.
