TECHNICAL SERVICE BULLETIN

SUBJECT: SERVICE ACTION: FUEL CAP REPLACEMENT ON 2010 FORTE (SA023)

This bulletin provides information related to 2010 Forte vehicles produced through 08/09/2009. Vehicles built after 08/09/2009 have an improved fuel cap with a larger handle design that provides a firm feel during tightening and a full thread stop which produces one click during tightening. The new design eliminates the several clicks heard on the previous fuel cap design. Kia is requesting the replacement of fuel caps on affected 2010 Forte vehicles in dealer stock to improve customer satisfaction.

Model	Part Name	Part Number
Forte (TR)	Fuel Filler Cap Assy.	81010 3L600
	 	Length: 167 mm After 08/09/2009
	Early Production Cap	New One Click Cap

*NOTICE

A Service Action is a repair program without customer notification that is performed during the warranty period. Any dealer request to perform this repair outside the warranty period will require DPSM approval.

Repair status for a VIN is provided on WebDCS (Service>Warranty Coverage>Warranty Coverage Inquiry>Campaign Information). Not Completed Recall / Service Action reports are available on WebDCS (Consumer Affairs>Not Completed Recall> Recall VIN>Select Report).

The issue number is SA023.

***NOTICE**

VIN Inquiry data for this repair is provided for tracking purposes only. Kia retailers should reference SA023 when accessing their Dealer Communications System (DCS).

***NOTICE**

DO NOT order parts for this Service Action. Parts required to complete this service action will be automatically shipped to your dealership during the week of October 26th. This automatic shipment will include all of the parts required to repair 100% of your dealership's affected stock vehicles. Do not order any additional parts until your dealership has depleted this initial parts supply. Please contact your DPSM in the event of an emergency requirement
