Valve Stem Seal installer Sleeve

Vehicle Information

VIN: 1FUJGBDV1DLFG6424

Model: CASCADIA 113 INCH DAY CAB**DO NOT USE**

Model Year: 2013

Mileage: 313717 miles

Make: FTL

Base Model: CA113DC

Are you currently seeing this same issue on other DTNA vehicles at your location?: no

Vehicle Systems Involved

ENGINE AND ENGINE
COOLING

Hi Guys, we damaged our old valve stem seal installer sleeve and ordered the new style W470589056107 sleeve. When we got the sleeve we went to put it on the valve stem to install the new seal and found that the sleeve will not slide on to the valve stem. It will go partially on the exhaust valve stem and not at all on the intake valve stem. Does any one have the new style sleeve and if so how does it slide on for you. Thank you.

essential tool list the part number you gave as the exhaust vane guide seal installer. here is the part number for the drift, remover, installer . these are listed under dd engines. also i attached and copy of the essential tool list.

J-47490-A	Installer, Valve Guide Seal, HDE	Y	N
W470589073300	Valve Guide Seal Remover	Y	N
W470589056105	Exhaust Valve Stem Seal Installing Drift	N	N
W470589056107	Exhaust Valve Stem Seal Installing Sleeve	N	N

also check engine service manual section 26.6. it also lists tool numbers for intake and exhaust valve stem seal installers
