Product Change Notice - Seal removed from piano hinge on 86 and 07 baggage doors

Dear Valued Customer:

Please be advised, Lippert intends to remove the seal from the piano hinge on 85 and 07 series bag doors.

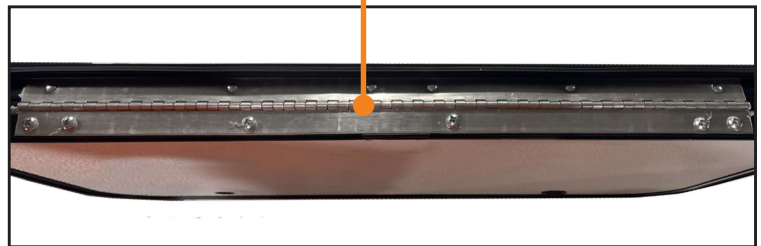

The change is being made to improve functionality. The seal puts pressure on the hinge when the door is closed. It was determined the hinge area has the same water intrusion mitigation with or without the seal. While the seal covers the screws, it does not affect how the screws are sealed against the frame.

There is no change in installation or operation with the seal removal. There is no price change. The change will take effect around the end of May.

Seal

No Seal

If you have any questions, please feel free to call me directly or your LCI representative. We value and appreciate your business and partnership.

Sincerely,

Scott McKinnon
