Production Solution

Not applicable.

Service

The DTC does not affect the handling characteristics of the vehicle. Delete the DTC and perform suspension basic settings.

Perform GFF to ensure there are no other DTCs stored in the control module.

U Note:

- 1. Parts replacement does not solve this issue. Claims for replaced parts will be subject to review.
- 2. Perform any addition basic setting requested by the GFF (according to the equipment installed in the vehicle).
