Subject: Vibration Damper Replacement

Models Affected: DD5 Engines built from 4/04/2017 through 3/30/2018

Parts

Required Parts		
Part Number	Part Description	Qty
DDE A9340351412	Vibration Damper (BELT PULLEY)	1

Work Instructions

Please refer to the work instructions below to replace the vibration damper and ship the removed damper to Detroit for inspection.

1. Refer to the removal procedure in section 8.19 of [GHG17 DD5 934912\(C\) Workshop Manual \(DDC-SVC-MAN-0194\)](#) for removing the vibration damper.
2. Refer to the installation procedure in section 8.19 of [GHG17 DD5 934912\(C\) Workshop Manual \(DDC-SVC-MAN-0194\)](#) for installing a new vibration damper.
3. Ship the removed vibration damper to the Detroit Diesel Corporation at the address listed below. Use DDC UPS Account No. E49591.

Attn: Return Material Room
Detroit Diesel Corporation
12200 Telegraph Road
Redford, Michigan 48239

4. Use Claim Type **Detroit QST** when filing for warranty.
