PUN2021B

Product Update Notice

June 30, 2021

Units Possibly Affected: Certain vehicles equipped with a Jobsite Energy Management System (JEMS) S/SE/LE built from 2020 to 2021 (Verify that your unit serial number is affected by reviewing the attached list in this PUN or by accessing your fleet on connect.altec.com/login)

System Firmware Update

Altec is committed to providing our customers safe and reliable products from initial delivery throughout the useful life of the unit.

The system firmware is being updated to improve performance of the telematics system. This update does not affect the operation of the JEMS system. This update can be completed at the next service interval using the AXIS Service Tool.

This update is covered under the Altec Warranty Policy and must be performed by Altec. Altec will perform the update for free at an Altec facility. Call 1-877-GO ALTEC (1-877-462-5832) to schedule the work to be done by an Altec service technician. Customers are responsible for the travel costs of an Altec Mobile Service technician if the technician performs the update at the owner's location.
