## ATTENTION: ALL DEALER PRINCIPALS

Kia America, Inc., is extending the New Vehicle Limited Warranty coverage for the multi-function switch assembly for all 2015-2016 MY Sedona vehicles from 5 years/60,000 miles to 15 years/unlimited miles, starting from the date the vehicle was first put into service. The multi-function switch assembly is the steering column-mounted stalk that controls headlamps and tail lamps, turn signals, and, if equipped, fog lamps. This warranty extension is to address any concerns with the functionality of the multi-function switch assembly at no cost to the customers (does not include replacement of bulbs due to normal wear).

If, at any time during the extended warranty coverage, the customer's vehicle exhibits issues with headlamps, tail lamps, turn signals, and/or fog lamps, Kia authorizes its dealers to diagnose and, if the multi-function switch assembly must be replaced, it will be covered at Kia's expense at no cost to the customer. Please note the normal wear of bulbs is not covered under this warranty coverage.

The Technical Service Bulletin that provides vehicle repair procedures will be posted on the Kia Global Information System (KGIS) at [www.kiatechinfo.com](http://www.kiatechinfo.com), and the Warranty Bulletin describing this warranty extension will be posted on [kdealer.com](http://kdealer.com) during the week of **July 7, 2021**.
