

Model: Moto Guzzi V7 Stone Euro5, V9 Bobber Euro5

Subject: new instrument cluster calibration

Dear Dealer / Service Centre,

We hereby inform you that a new instrument cluster calibration is available for download from the P.A.D.S. diagnostic tool (update the tool to the latest version available).

The operation referred to above is to be included in the normal maintenance activities to be carried out at the same time as the pre-delivery, during the activities scheduled for services, or on the first convenient passage in the Workshop for vehicles in circulation.

The new software introduces the following improvements:

- Alarm Can Bus Off on starting.
- Average speed calculation.
- Average fuel consumption calculation.
- Memorising new keys even with a code other than 00000 and code recovery.

The new software versions are indicated below.
