

New Information

Effective 4/22/21 we officially make the DELPHI 700 series radio our permanent factory installed AM/FM radio equipment. The DELPHI 700 series radio has been utilized since January 2021 as our substitute equipment in order to contain supply chain impacts that were resulting from the industry wide semi-conductor shortage. We have now completed work necessary to make this our permanent equipment when any of the options identified below are selected.

Features and Benefits

- Large character display
- Front AUX jack
- Supports AM, FM and Weather Bands
- Reverse mute (C2 only)
- Speed compensated volume (C2 only)
