

Product Update

TBB made a change in April of 2020 to remove the Saf-T-Liner HDX decal off the front surface of the driver's side dash. This change was made due to the adhesion concerns that we were having with the decal. We will soon transition to a decal over the drivers window/entrance door to standardize branding across models.

Features and Benefits

- Removing a quality concern
- Standardize branding across C2/HDX/EFX
