

New Release

The GM MY2022 sales codes are now released and available in RACE. Please use these when configuring new MY2022 GM Minotour quotes. MY2022 chassis pricing and availability will not be available until mid-August at the earliest. Another PAB will follow to announce those details.

Features and Benefits

These codes uniquely identify the 2022 chassis model year. Each year there are some changes and the new sales codes are needed to ensure the units are built correctly. Please be diligent when ordering your Minotour to ensure that you select the correct model year and body adjustment codes.
