

## 75W-85 Detroit Axle Oil Supply Shortage

Communication Type: Product News

Date: 7/29/2021

Due to supplier shortages, trucks produced in Mexico and ordered with 75W-85 axle oil with build dates beginning July 20, 2021 will be converted to 75W-90 until July 30, 2021. Truck orders affected will not be updated to reflect this change. This will have minimal impact to the vehicle performance and drain intervals will not be affected.

We will notify you as soon as possible of any changes to the timing of this shortage.
