REF #: ICI21-027

Effective: 08/24/2021

Release: 08/24/2021

SUBJECT: SF622 – Campaign Revision/Reactivation

This letter is to inform you that the work instructions for Field Service Campaign **SF622, Cascadia/49X ABS MBSP+ Controller Software Update** have been revised.

The SF622 campaign will be reactivated, and the new campaign bulletin will be published, Tuesday, August 24, 2021.

Please discard any previous copies of the SF622 campaign bulletin, and replace with this new bulletin, as the work instructions have had various updates throughout.

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the Warranty Support Center (WSC) Link on DTNAConnect or OWL.

The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.
