Special Tools & Equipment

Schumacher 100 Amp Reprogrammer/ Power Supply with Battery Support

Technical Support

1836.1

USA Only

Porsche Special Tools will move to retire the INC 700 & INC 100 Schumacher chargers from the tool program. This will be a two fold approach, as anything past a G2 Panamera should not have anything but a VAS 5908 connected to for charging, flashing or maintaining. The Schumacher Chargers are beginning to be long in their tenure and mostly out of warranty, this may cost the dealer more in the long run in repair cost. Schumacher will still repair these chargers - See Schumacher Warranty and Out of Warranty Repair info.
