Set up change. MY22 Chief Bobber with mini ape handlebars

MSD Post Content

MY22 Chief Bobber (North America) Dealer Set Up Instructions (DSI) Update MY22 Chief Bobber models equipped with mini ape handlebars will now be shipped with the handlebars tipped down to minimize the risk of damage during transportation. Dealers will need to properly reposition the handlebars during the uncrating and set-up process. Please refer to the updated setup instructions for additional details.
