Product Change Notice - Room bars drilled to punched

Dear Valued Customer:

Please be advised, to streamline chassis production processes, Lippert intends to switch from drilled room bars to punched.

This will not require any action by the OEM customer. The hole dimensions and locations will stay the same. There are no new part numbers and the change is backwards compatible.

The change is expected to begin immediately on a running basis.

Current Room Bar - Drilled

New Room Bar - Punched

If you have any questions, please feel free to call me directly or your LCI representative. We value and appreciate your business and partnership.

Sincerely,

Mason Ogle

VP of RV Sales
