Condition

Customer states:

- When the “star button” is programmed to front camera views, the setting is lost after a bus sleep cycle.

Technical Service Bulletin

Technical Background

A software bug can cause the assigned star button function to be lost.

Production Solution

This bulletin will be updated when more information is available. A solution is currently under development.

Service

1. Explain to the customer that a solution is forthcoming for the 1st quarter of 2023 and that no repairs are necessary at this point. Do not replace any components for this condition since this will not resolve the customer's concern.
2. Create a PSS record in the PSS application through the Pending Service Solutions (PSS) link in AccessAudi (under *Related Links >> Service*), or through the Technical Assistance page in Elsa.

Warranty

This TSB is informational only and not applicable to any Audi Warranty.

Additional Information

All part and service references provided in this TSB (2064429) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
