This bulletin replaces Special Tools & Equipment bulletin 2113, dated August 26, 2021.

Porsche Special Tools & Equipment has considered the dealer's comments about performing the Taycan WMA5 & WMA6 campaign. This particular campaign can take a dealer an extended amount of time to complete. To help the technician with watching the programming process, Porsche Special Tools & Equipment will autoship 3 - Signal Lamps per dealer for each of the chargers that we previously autoshipped, starting CW35/20, Monday, August 30, 2021. If you have any questions about the lamp, please feel free to reach out to Porsche Special Tools & equipment at askthetoolguy@porsche.us
