

Bulletin

NAPA Filters – Product Notice – Part No. FIL 1348

Author: Sunny Muehlberger

DC Bulletin

We are sending this bulletin to advise you of a product issue involving the above referenced NAPA Spin-On Lube Filter.

Product Concern:

A limited quantity of NAPA 1348 oil lube filters, date code 082721DG, may not have been manufactured correctly, and consequently, may have incorrect threads.

Correct 3/4-16
Threads.

Incorrect M22 X 1.5
Threads.
Filter cannot be
installed.

Date code is located on carton
barcode and on the dome of the
filter can.

What should you do?

This product should be sent back to the DC as a Black Label warranty product using the alleged defective process.

Contact the NAPA Product Information Team at 800-949-6698 for any questions.

As always, your NAPA Filters & HD Wholesale Manager, your DC Commercial Sales Manager or NAPA Filters Business Development Manager will be happy to assist you.

We apologize for any inconvenience this may cause.
