

McLaren Elva – Door Shut Funnel Application of Water Funnel

Bulletin type:	Service Campaign
Campaign reference:	SCB 26 A 003
Attention:	Retailer Service Managers, Retailer Service Advisors and Retailer Technicians
Affected vehicles:	McLaren Elva
Situation:	Potential for insufficient sealing between the front clam and door gap allowing water ingress
Procedure:	Action affected vehicles on the next Retailer visit
Date:	14 th October 2021

This service bulletin will cover:

1. Overview
2. Parts Information
3. Procedure
4. Warranty Information

1. Overview

Through continuous product quality monitoring, McLaren has identified that due to the open top design of the McLaren Elva when the Emergency Cover is fitted water can enter through a gap between the front clam and the doors. This may result in water entering the cabin of the vehicle.

To eliminate the possibility of water ingress inside the cabin, McLaren has released a solution which includes the fitment of a funnel/deflector to seal the front clam to door gap.

2. Parts Information

The following parts are required to carry out the rework procedure as needed. All parts are available to order via Unipart.

Part Number	Part Description	Quantity
26AD300SP	DOOR SHUT GAP FUNNEL LH	1
26AD302SP	DOOR SHUT GAP FUNNEL RH	1

3. Procedure

To perform the required work follow the Service Information System (SIS) Instruction "JA-RM-01A033-01-001 - Remove/Install Funnel - Door shut"

4. Warranty Information

Submit a claim to the Warranty department following completion of the work, using the labour times quoted in the SIS instruction: "JA-RM-01A033-01-001 - Remove/Install Funnel - Door shut"

5. Affected Vehicles

Affected vehicles will be flagged in the Retailer Portal when next opening a Workshop Visit related to the vehicle.

Your Regional Aftersales Manager will also contact you with a list of affected vehicles.

The information contained in McLaren bulletins is for internal use only by McLaren Authorised Retailers and must not be published on external websites or social media forums etc.

Part numbers listed in McLaren bulletins are for reference only. Always check with the parts department to verify the latest part numbers.

All bulletins (Information/Campaign/Recall) issued by McLaren Automotive Limited ("McLaren") are intended only for use by technicians who have attended McLaren technical training courses. McLaren trained technicians have the equipment, tools, safety instructions and the know how to perform the job properly and safely. McLaren bulletins are written to inform McLaren technicians of conditions that may occur on some McLaren vehicles, or to provide information that could assist diagnosing a McLaren vehicle. Part numbers listed in McLaren bulletins are for reference only. Always check with the parts department to verify the latest part numbers.
