Reference Bulletins: QB S10137

Volvo Car USA LLC and Volvo Car Canada Ltd on behalf of Volvo Car Corporation, has decided to launch Service Action S10137 on certain Volvo S/V 90 Series Model Year 2022, XC60 Model Year 2022 and XC40 Model Year 2021 - 2022 vehicles with Google built-in.

Volvo has identified that an issue with digital certificates which renders the car unable to accept an Over-The-Air update (a manual update at retailers is still possible). This may lead to the customer losing connectivity between the vehicle and the Volvo app. The corrective action is to download listed software according to VIDA.

S10137 affects 174 vehicles in the U.S. and 21 in Canada.
