

NUMBER: 24-008-21

GROUP: 24 - Heating and Air Conditioning

DATE: June 19, 2021

This bulletin is supplied as technical information only and is not an authorization for repair. No part of this publication may be reproduced, stored in a retrieval system, or transmitted, in any form or by any means, electronic, mechanical, photocopying, or otherwise, without written permission of FCA US LLC.

SUBJECT:

Preventative A/C Recycling/Charging Station Contamination

MODELS:

2020	JC	Dodge Journey
2021	MP	Jeep Compass

NOTE: This bulletin applies to vehicles within the following markets/countries: North America.

NOTE: This bulletin applies to vehicles built on or after September 09, 2020 (MDH 0909XX) and built on or before September 24, 2020 (MDH 0924XX) with Rear Air Conditioning W/Heater (Sales Code HBB) or without.

DISCUSSION:

If a customer's vehicle is within these build dates and has A/C issues which will require the A/C recovery machine to be connected.

CAUTION! DO NOT connect these vehicles to an A/C recovery machine. Failure to do so may result in damage to the A/C recovery machine.

A Technical Service Bulletin (TSB) will be released shortly to address this symptom/condition.

POLICY:

Information Only.
