

# CATALYTIC CONVERTERS: STATE OF COLORADO REQUIREMENTS

## NEW Colorado Regulations

- Colorado's regulation changes now prohibit the sale or installation of used O.E. or Mopar® Value Line Catalytic Converters.
- Aftermarket catalysts sold or installed on OBD II equipped vehicles must be compatible with the vehicle's OBD II system.
- Aftermarket converters sold or installed in Colorado must also meet the following requirements:
  - » Emissions performance – Must be able to comply with emissions standards for 5 years/50,000 miles
  - » Limited warranty – Manufacturers must warrant the product for 5 years/50,000 miles for workmanship and materials
  - » Product labeling – Product must be labeled on both sides of the converter in 1/2" letters
- The part numbers on the following page have been restricted for sale in Colorado.
- Installing original equipment catalytic converters complies with Colorado emissions requirements.

## RESTRICTED PART NUMBERS - COLORADO

| PART NUMBER | DESCRIPTION |
|-------------|-------------|
| 1AME641198  | CATALYTIC   |
| 1AME642514  | CATALYTIC   |
| 1AME642519  | CATALYTIC   |
| 1AME642525  | CATALYTIC   |
