GPOP - Issue Review System

Part Number: 05143477A\$

Part Description: GEAR MOTOR, Transfer Case

Issue Description: The gear motor assembly is shipped in AWD/2WD position. The transfer case needs to be positioned in AWD/2WD position to properly assemble gear motor to T-Case. Please reference Star Online publication S2121000003 for further details.

Do not have the transfer case in in another position other than AWD/2WD and rotate the motor to align the bolt holes as this could result in damage to the gear motor.
