Dealer Service Instructions for:

## **Customer Satisfaction Notification Y28 Intermittent Starts**

---

### **Remedy Available**

**2021 (JL) Jeep® Wrangler**

*NOTE: This campaign applies only to the above vehicles equipped with a 6.4L engine (sales code ESG).*

*NOTE: Some vehicles above may have been identified as not involved in this campaign and therefore have been excluded from this campaign.*

**IMPORTANT: Some of the involved vehicles may be in dealer used vehicle inventory. Dealers should complete this campaign service on these vehicles before retail delivery. Dealers should also perform this campaign on vehicles in for service. Involved vehicles can be determined by using the VIP inquiry process.**

**Subject**

The starter on about 760 of the above vehicles may have a poor ground. The vehicle may intermittently fail to crank/start due to a poor ground path at the starter. It may start with repeated attempts. This issue is expected to degrade over time.

**Repair**

Replace both starter mounting studs.

**Parts Information**

<u>Part Number</u>	<u>Qty.</u>	<u>Description</u>
06509977AA	2	Starter Mounting Stud

**Parts Return**

No parts return required for this campaign.

**Special Tools**

No special tools are required to perform this service procedure.

**Service Procedure**

1. Disconnect and isolate the negative battery cable. If equipped with an Intelligent Battery Sensor (IBS), disconnect the IBS connector first before disconnecting the negative battery cable.
2. Raise and support the vehicle.
3. Replace the upper mounting stud (1) securing the starter. Tighten to 67 N·m (49 ft. lbs.) (Figure 1).
4. Carefully remove the wire clip retainer (2) from the bottom starter stud (Figure 1).
5. Replace the lower stud (3) securing the starter. Tighten to 67 N·m (49 ft. lbs.) (Figure 1).
6. Install the wire clip retainer (2) on the bottom starter mounting stud (Figure 1).
7. Lower the vehicle.
8. Connect the negative battery cable. If equipped with an IBS, connect the IBS connector.

**Figure 1 – Starter Mounting Studs**

**Completion Reporting and Reimbursement**

Claims for vehicles that have been serviced must be submitted on the DealerCONNECT Claim Entry Screen located on the Service tab. Claims paid will be used by FCA to record Customer Satisfaction Notification service completions and provide dealer payments.

Use the following labor operation number and time allowance:

	<b>Labor Operation Number</b>	<b>Time Allowance</b>
Starter, Mounting Bolts – Inspect and Replace	08-Y2-81-82	0.4 hours

Add the cost of the campaign parts plus applicable dealer allowance to your claim.

**NOTE:** See the Warranty Administration Manual, Recall Claim Processing Section, for complete claim processing instructions.

**Dealer Notification**

To view this notification on DealerCONNECT, select “Global Recall System” on the Service tab, then click on the description of this notification.

**Owner Notification and Service Scheduling**

All involved vehicle owners known to FCA are being notified of the service requirement by mail. They are requested to schedule appointments for this service with their dealers. A generic copy of the owner letter is attached.

**Vehicle Lists, Global Recall System, VIP and Dealer Follow Up**

All involved vehicles have been entered into the DealerCONNECT Global Recall System (GRS) and Vehicle Information Plus (VIP) for dealer inquiry as needed.

GRS provides involved dealers with an updated VIN list of their incomplete vehicles. The owner's name, address and phone number are listed if known. Completed vehicles are removed from GRS within several days of repair claim submission.

To use this system, click on the **“Service”** tab and then click on **“Global Recall System.”** Your dealer's VIN list for each campaign displayed can be sorted by: those vehicles that were unsold at campaign launch, those with a phone number, city, zip code, or VIN sequence.

*VIN lists may contain confidential, restricted owner name and address information that was obtained from the Department of Motor Vehicles of various states. Use of this information is permitted for this notification only and is strictly prohibited from all other use.*

**Additional Information**

If you have any questions or need assistance in completing this action, please contact your Service and Parts District Manager.

# CUSTOMER SATISFACTION NOTIFICATION

## Intermittent Starts

Dear [Name],

At FCA US LLC, we recognize that the success of our business depends on the satisfaction of our customers. We are constantly monitoring the quality of our products and looking for opportunities to improve our vehicles even after they are sold. Because your long-term satisfaction is important to us, we are contacting you on important improvements we would like to make to your vehicle <sup>[1]</sup>. This will be done at no charge to you.

We are recommending the following improvements be performed on certain [Model Year 2021 Jeep Wrangler] vehicles with 6.4L engine.

#### WHY DOES MY VEHICLE NEED REPAIRS?

Your vehicle may intermittently fail to crank/start due to a poor ground path at the starter. It may start with repeated attempts. **This issue is expected to degrade over time.**

#### HOW DO I RESOLVE THIS CUSTOMER SATISFACTION NOTIFICATION?

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the mounting studs for the starter. The estimated repair time is one half hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[2]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the repair performed.

We apologize for any inconvenience, but are sincerely concerned about your satisfaction. Thank you for your attention to this important matter.
