

Volvo SNV 15-010 US14 versus US15 Emissions Injector Compatibility

> **Internal Content**

US14 injectors are NOT compatible for US15 built vehicles. However, US15 injectors can be installed in US14 vehicles only if the engine ECM is updated to software released after August 20, 2014 with the main software being greater than 22489801. Refer to [SNV15-010](#) for further information.

Subject: US'14 Emissions verses US'15 Emissions Injector Compatibility

Volvo Trucks received questions concerning US'14 and US'15 injector compatibility. US'14 injectors are **NOT** compatible for US'15 built vehicles. However, US'15 injectors can be installed in US'14 vehicles only if the engine ECM is updated to software released after August 20, 2014 with the main software being greater than 22489791. In determining if you have a US'15 vehicle, look at the first box below labeled (**US'15 Start of Production (SOP)**); if the engine serial number is greater than the serial number listed you have a US'15 vehicle.

Follow the matrix below in determining the proper injector replacement.

US'15 Start of Production (SOP)

Engine	Engine Serial number	Chassis Build Start Date
11L	568698	01/08/2015
13L	1094142	01/08/2015
16L	84637	N/A

11 Liter

Part Number	US'14 emissions	US'15 Emissions
22479123	compatible	compatible
22015763	compatible	Non-compatible

13 Liter

Part Number	US'14 emissions	US'15 Emissions
22479124	compatible	compatible
22012829	compatible	Non-compatible

16 Liter

Part Number	US'14 emissions	US'15 Emissions
22479125	compatible	compatible
22218106	compatible	Non-compatible
