

Launch Date: Friday, February 18th 2022

Release Notes

Estimated Install Time: NA

- In order to receive 1.1.8, 1.1.7 must already be installed.
- Lucid recommends customers update their Lucid mobile application prior to initiating the installation of the software update.
- The vehicle cannot be plugged into a charger during this update.
- Doors and trunks must be closed and locked prior to install.
- Keys, including mobile phones, must be kept at least 30 feet away from the vehicle during install.
- Customers no longer need to disconnect from WiFi prior to installation.
- Do not open any doors or trunks until install is complete.
