

# HYUNDAI Technical Service Bulletin

GROUP <b>CAMPAIGN</b>	NUMBER <b>22-01-016H-1</b>
DATE <b>MARCH, 2022</b>	MODEL(S) <b>PALISADE (LX2)</b>

**SUBJECT:** FRONT DOOR LOWER GARNISH REPAIR PROCEDURES  
(SERVICE CAMPAIGN 975)

This TSB supersedes 22-01-016H by adding Abyss Black (A2B) to the paint touch up pen list.

**\* IMPORTANT**

**\*\*\* Dealer Stock and Retail Vehicles \*\*\***

Dealers must perform this Service Campaign on all affected vehicles prior to customer retail delivery and whenever an affected vehicle is in the shop for any maintenance or repair.

When a vehicle arrives at the Service Department, access the "Vehicle Information" screen via WEBDCS to identify open Campaigns.

**Description:** Certain 2020 – 2022MY Palisade (LX2) vehicles may have been produced with a rough edge on the front door lower garnishes during manufacturing. This bulletin describes the procedure to repair the condition.

**Applicable Vehicles:** Certain 2020 – 2022MY Palisade (LX2) vehicles built between 4/10/2019 – 12/29/2021.

**NOTE 1:** Submit claim on Campaign Claim Entry Screen,

**NOTE 2:** If a part that is not covered by this Service Campaign is in need of replacement while performing this Service Campaign, and the affected part is still under warranty, please submit a separate claim using the same repair order. If the part is out of warranty, submit a prior approval request for goodwill consideration prior to performing the work.

**NOTE 3:** Use of touch up paint in the amount of \$4.00 will be reimbursed in sublet under labor operation 10D219R2.

**Service Procedure:**

1. Open the vehicle's front door.

2. Inspect the lower corner where the door garnish and door garnish bracket (A) meet.

**NOTICE**

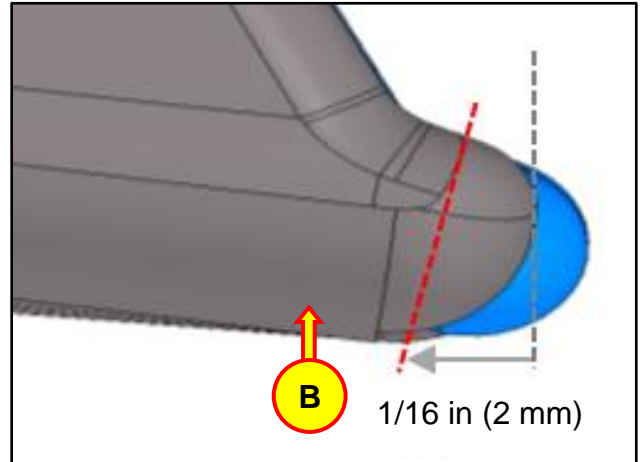

The part to be corrected is the door garnish, not the door garnish bracket.

3. Using a razor blade, cut the door garnish (B) along the lower garnish line.

**NOTICE**

Cut approximately 1/16 in (2 mm) from the garnish end.

**NOTICE**

Do not cut too deep on the door garnish. Damage to the door garnish bracket may occur.

**NOTICE**

Inspect the area with your fingertips after cutting to be sure there are no sharp edges.

4. Use 600 grit sandpaper to smooth out the door garnish area that was cut.

5. Inspect the area with your fingertips to ensure there are no sharp edges after sanding.

6. If necessary, apply touch up paint to the lower garnish with a touch up paint pen.

**NOTICE**

Paint touch up is not necessary for non-painted garnishes. Painted garnishes are applied only on Limited and Calligraphy trims and are body colored.

7. Use a heat gun to apply heat in a sweeping motion for approximately 1-2 minutes to assist with drying the touch up paint.

**NOTICE**

**Do not apply heat too close to the garnish as it may cause damage.**

8. The service procedure is complete.
