<b>Involved Region or Country</b>	United States, Canada, Mexico
<b>Additional Options (RPO)</b>	IOK
<b>Condition</b>	Some customers may comment that, when in an active navigation session using the embedded google maps feature, they will not get a pop-up notification to tell them when to turn if they are not physically on the embedded google maps navigation screen.
<b>Cause</b>	The cause of this condition is unknown, but the engineering team is aware of the issue and is working on a fix. Please do not replace any parts.

#### Correction:

**Until a permanent fix is provided, the temporary solution is to shut the vehicle off to allow it to go to sleep and then cycle the ignition.**

#### Warranty Information

**For vehicles repaired under the Bumper-to-Bumper coverage (Canada Base Warranty coverage), use the following labor operation. Reference the Applicable Warranties section of Investigate Vehicle History (IVH) for coverage information.**

Labor Operation	Description	Labor Time
3487528	Active Navigation session - no pop-up received	0.2 Hr.

Labor Operation	Description	Labor Time
<b>*This is a unique Labor Operation for Bulletin use only.</b>		

Customer Information

**Please communicate to the customer that we apologize for this inconvenience and that General Motors is working on a solution for this concern. Once a solution is available, this PI will be updated with additional details - allowing dealership personnel to contact the customer to schedule a service appointment and repair the vehicle.**
