ATTENTION: ALL DEALER PARTS & SERVICE MANAGERS

Kia America, Inc., is extending the New Vehicle Limited Warranty coverage for the repairs related to the Airbag Warning Light ON for 2017 MY Sportage and 2017 MY Cadenza vehicles from 5 years/60,000 miles to 15 years/unlimited miles, whichever comes first, starting from the date the vehicle was first put into service. This warranty extension is to address certain Airbag Warning Light ON conditions.

If, at any time during the extended warranty coverage, the customer experiences that the Airbag Warning Light remains illuminated beyond 6 seconds after their vehicle is turned ON or illuminates at any time during vehicle operation, Kia authorizes its dealers to **diagnose the cause at no cost to the customer.**

Also, should the Airbag Warning Light ON condition be determined to be due to DTC(s) related to a 'Short-to-Ground' issue, Kia authorizes its dealers to repair the cause at no cost to the customer under this warranty extension.

This is NOT a service campaign that requires a mandatory repair for all eligible vehicles. Unless the vehicle's Airbag Warning Light remains illuminated beyond 6 seconds after the vehicle is turned ON or illuminates at any time during vehicle operation, dealers should not perform any diagnosis or repair under this warranty extension program.

NOTE: This extension to Kia's New Vehicle Limited Warranty does not alter the limitations and exclusions contained in that New Vehicle Limited Warranty including failure of the causal part due to abuse, neglect, or external damage to the related components.

The Technical Service Bulletin that provides vehicle repair procedures will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com, and the Warranty Bulletin describing this warranty extension will be posted on kdealer.com during the week of **April 19, 2022.**

OWNER NOTIFICATION
