Tail Door Soft-Close Feature Elimination	23MY Defender
<p><u>Customer Voice:</u></p> <ul style="list-style-type: none">- A customer may report that the tail door does not soft-close . <p><u>Technical Description:</u></p> <ul style="list-style-type: none">- The soft-close feature on Defender models has been eliminated as an option for 2023 model year vehicles. <p><u>Status:</u></p> <ul style="list-style-type: none">- Should a customer express a concern please inform them of the proper manual tail door closing procedure.	<p>The diagram illustrates the manual closing procedure for the tail door. The top section, labeled '1', shows two views of the tail door handle: a side view with an arrow pointing left and a front view with an arrow pointing right. The bottom section, labeled '2', shows a cutaway view of the vehicle's rear chassis with the tail door open, and an arrow pointing to the tail door hinge area.</p>
