2008 – 2018 Highlander HV	Late August 2007 – Late August 2018	29,100

In our continuing efforts to ensure the best in customer satisfaction, Toyota is announcing a Customer Support Program to provide coverage for peeling of certain colors of factory-applied paint.

Background

Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on exterior metal body panels.

Although the original factory paint is covered by Toyota's New Vehicle Limited Warranty for 3 years or 36,000 miles (whichever comes first), we at Toyota care about the customers' ownership experience. Toyota is providing coverage for repairs related to the condition described above.

The following information is provided to inform you and your staff of the program notification schedule and your degree of involvement.

Covered Vehicles

After Phase 5 launched, there were approximately 2,236,400 vehicles covered by this Customer Support Program, of which approximately 36,300 were distributed to Puerto Rico.

Customer Support Program Coverage Details

This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted.

Duration of Coverage	
Phase 1 – 4 vehicles*	<ul style="list-style-type: none"> The Primary Coverage will be offered until December 11, 2022, regardless of mileage. After the Primary Coverage, the Secondary Coverage is applicable for 10 years from the date of first use, regardless of mileage.
Phase 5 vehicles*	<ul style="list-style-type: none"> The Primary Coverage will be offered until November 4, 2024, regardless of mileage. After the Primary Coverage, the Secondary Coverage is applicable for 10 years from the date of first use, regardless of mileage.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.

This coverage is for work performed at an authorized Toyota dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.*

**Only authorized Toyota dealerships (and Toyota Certified Collision Centers) are authorized to confirm if the paint peeling condition is covered by this program. However, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc.).*

Program Phase Schedule

Toyota is administering this program in multiple phases.

Phase 1 – Customer Notification

In the interest of customer satisfaction, Toyota first notified owners via first class mail between late August 2019 and mid-September 2019 about this program, provided a process for reimbursing out of pocket expenses associated with this condition incurred prior to September 26, 2019, informed owners that Toyota is working on the repair for their vehicle, and that they will be re-notified when the repair becomes available. Refer to the table below for a summary of these vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2008 – 2015 4Runner	Late December 2007 – Late May 2015	73,900
2008 – 2017 Avalon	Early January 2008 – Late May 2017	86,600
2013 – 2017 Avalon Hybrid	Late May 2012 – Late May 2017	13,800
2008 – 2017 Camry	Early January 2008 – Late February 2017	555,700
2008 – 2017 Camry Hybrid	Early January 2008 – Late February 2017	47,400
2009 – 2019 Corolla	Late November 2007 – Late September 2018	580,700
2011 – 2015 Scion iQ	Late September 2010 – Late September 2014	3,200
2008 – 2017 RAV 4	Early January 2008 – Early September 2017	332,400
2012 – 2014 RAV 4 EV	Late July 2012 – Late August 2014	1,100
2008 – 2015 Scion xB	Mid January 2007 – Late December 2015	44,200

Phase 2 – Repair Available and Customer Re-notification

In early December 2019 Toyota launched the repair portion of this program. Toyota started re-notifying the owners involved in phase 1 regarding the availability of the repair in late December 2019.

Phase 3 – Approximately 31,500 vehicles are added to this Customer Support Program

In mid-May 2020, Toyota added approximately 31,500 vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2008 Avalon	Late February 2007 – Late December 2007	5,000
2008 - 2009 Camry	Early August 2007 – Late December 2007	18,600
2008 Camry Hybrid	Early August 2007 – Late December 2007	2,800
2008 Corolla	Early June 2007 – mid-December 2007	5,100

Phase 4 – Approximately 35,200 model year 2010 – 2018 Sequoia vehicles added to this Customer Support Program

In late October 2020, Toyota added approximately 35,200 model year 2010 – 2018 Sequoia vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2010 – 2018 Sequoia	Early May 2009 – Late August 2018	35,200

Phase 5 – Approximately 430,700 2008 – 2018 model year Highlander and Highlander Hybrid vehicles to this Customer Support Program

In late April 2022, Toyota added approximately 430,700 2008 – 2018 model year Highlander and Highlander Hybrid vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2008 – 2018 Highlander	Late May 2007 – Late August 2018	401,600
2008 – 2018 Highlander Hybrid	Late August 2007 – Late August 2018	29,100

Owner Letter Mailing Date

Refer to the table below for the owner letter mailing period.

Description	Letter Mailing Period	Attached Sample
Phase 1	Late August 2019 – mid-September 2019	Sample A
Phase 2	Mailing started in late December 2019	Sample B
Phase 3	Early August 2020	Sample C
Phase 4	Early November 2020– Mid December 2020	Sample D
Phase 5	Early May 2022 – early November 2022	Sample E

Customer Handling, Parts Ordering, and Remedy Procedures

Customer Contacts

Customers who receive the owner letter may contact your dealership with questions regarding the letter and/or the Customer Support Program. Please welcome them to your dealership and answer any questions that they may have. A Q&A is provided to assure a consistent message is communicated.

Customers with additional questions or concerns are asked to please contact the Toyota Brand Engagement Center (1-888-270-9371) - Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.

Salvage Title Vehicles

There is no New Vehicle Limited Warranty coverage or non-emission CSP coverage for vehicles that have been branded as salvage, total loss, true mileage unknown, or similar title under any state's law. Nonetheless, every attempt should be made to complete an open emission related CSP when circumstances permit, unless noted otherwise in the CSP dealer letter.

- This CSP **IS NOT** emission related; therefore, vehicles branded as salvage, total loss, true mileage unknown, or similar title are **NOT ELIGIBLE** for coverage under this CSP.

For complete details on this policy, refer to Toyota Warranty Policy [4.17](#), "What Is Not Covered by The Toyota New Vehicle Limited Warranty".

Customer Marketing

Direct marketing of this Customer Support Program is strictly prohibited pursuant to the Toyota Warranty Policy [5.21](#), "Warranty Solicitation." Non-compliance of this policy may result in a claim debit.

Media Contacts

It is imperative that all media contacts (local and national) receive a consistent message. In this regard, all media contacts must be directed to Aaron Fowles (469) 292-1097 in Toyota Corporate Communications. Please do not provide this number to customers. Please provide this contact only to media.

Parts Ordering Process – Non SET and GST Parts Ordering Process

The repair for this customer support program involves re-painting the area of the vehicle exterior affected by the condition and; therefore, may involve replacing non-reusable parts such as emblems, clips/retainers, windshield glass adhesive, etc.

Any parts replaced under this program must be*:

1. Toyota Genuine Parts.
2. Must be included in the parts section of the warranty claim.

*This does not apply to refinishing products and surface preparation products such as paints, primers, sand paper, metal conditioner, etc..

As this is a Customer Support Program, the condition **MUST** be verified by inspecting the vehicle. Therefore, dealers **SHOULD NOT** increase their stock of related repair parts. *Dealers are requested to only order parts for vehicles experiencing this condition once verified. DO NOT ORDER FOR STOCK.* As always, if a customer experiences the condition described, dealers should conduct appropriate diagnosis and order the applicable parts.

It is possible that some of the parts necessary for performing this campaign are either required to be ordered in Campaign Part Order Request (CPOR) on Service Lane, or have been placed on Manual Allocation Control (MAC) due to potential limited part availability. Please check the CPOR/MAC report on Dealer Daily for the most up-to-date parts ordering information.

Training Requirements

The following training requirements are only applicable to the personnel performing [T-SB-0162-19](#) or [S-SB-0004-19](#). T-SB-0162-19 (Toyota) or S-SB-0004-19 (Scion) contains the process used to confirm if the vehicle's paint peeling is applicable to this program. These training requirements are not applicable to the other steps in the ZKG process such as completing the mandatory website photo upload process, repairing/refinishing the vehicle, etc. Only authorized Toyota dealerships and Toyota Certified Collision Centers are authorized to perform the condition confirmation inspection included in T-SB-0162-19 or S-SB-0004-19.

Training Requirements: Authorized Toyota Dealership

All Toyota dealership staff performing T-SB-0162-19 or S-SB-0004-19 are required to successfully complete the most current version of the E-Learning course "Toyota Recall and Service Campaign Essentials" (course number SC19A). To ensure that T-SB-0162-19 or S-SB-0004-19 is performed correctly; Toyota dealership staff performing T-SB-0162-19 or S-SB-0004-19 are required to currently hold at least one of the following certification levels:

- Certified Technician any Specialty
- Expert Technician any Specialty
- Master Technician
- Master Diagnostic Technician

Always check which technicians can perform T-SB-0162-19 or S-SB-0004-19. It is the dealership's responsibility to select staff with the above certification level or greater to perform T-SB-0162-19 or S-SB-0004-19.

Training Requirements: Toyota Certified Collision Center

All Toyota Certified Collision Center staff members performing T-SB-0162-19 or S-SB-0004-19 are required to successfully complete the most current version of the E-Learning course "Toyota Recall and Service Campaign Essentials" (course number SC19A). To ensure that T-SB-0162-19 or S-SB-0004-19 is performed correctly; Toyota Certified Collision Center staff members performing T-SB-0162-19 or S-SB-0004-19 are required to currently hold at least one of the following certification levels:

- Certified Refinish Technician
- Master Refinish Technician

Always check which technicians can perform T-SB-0162-19 or S-SB-0004-19. It is the Collision Center's responsibility to select staff with the above certification level or greater to perform T-SB-0162-19 or S-SB-0004-19.

Remedy Procedures

Refer to the [Technical Instructions](#) on TIS for complete remedy procedure instructions including:

1. Verifying if the paint condition is covered by this Customer Support Program (T-SB-0162-19 or S-SB-0004-19).
2. Ensuring there is no damage that requires repair prior to performing the Customer Support Program repair
3. Uploading mandatory photographs to the web application
4. Confirming that the preliminary estimate from the body shop has been pre-approved by Toyota
5. Coordinating repair of the vehicle at a body shop
6. Ensuring the body shop is provided with, and follows, the [Customer Support Program ZKG Paint Repair Process](#)

Non-Toyota Certified Repair Facility

After your dealership (or Toyota Certified Collision Center) has confirmed that the condition is covered by this program by following T-SB-0162-19 or S-SB-0004-19, and the website has issued a warranty pre-approval code, your dealership may sublet the repainting repair to a non-Toyota certified repair facility (third-party collision repair facility, body shop, etc.). A Toyota Certified Collision Center is not required to perform the repainting repair.

Parts Recovery Procedures

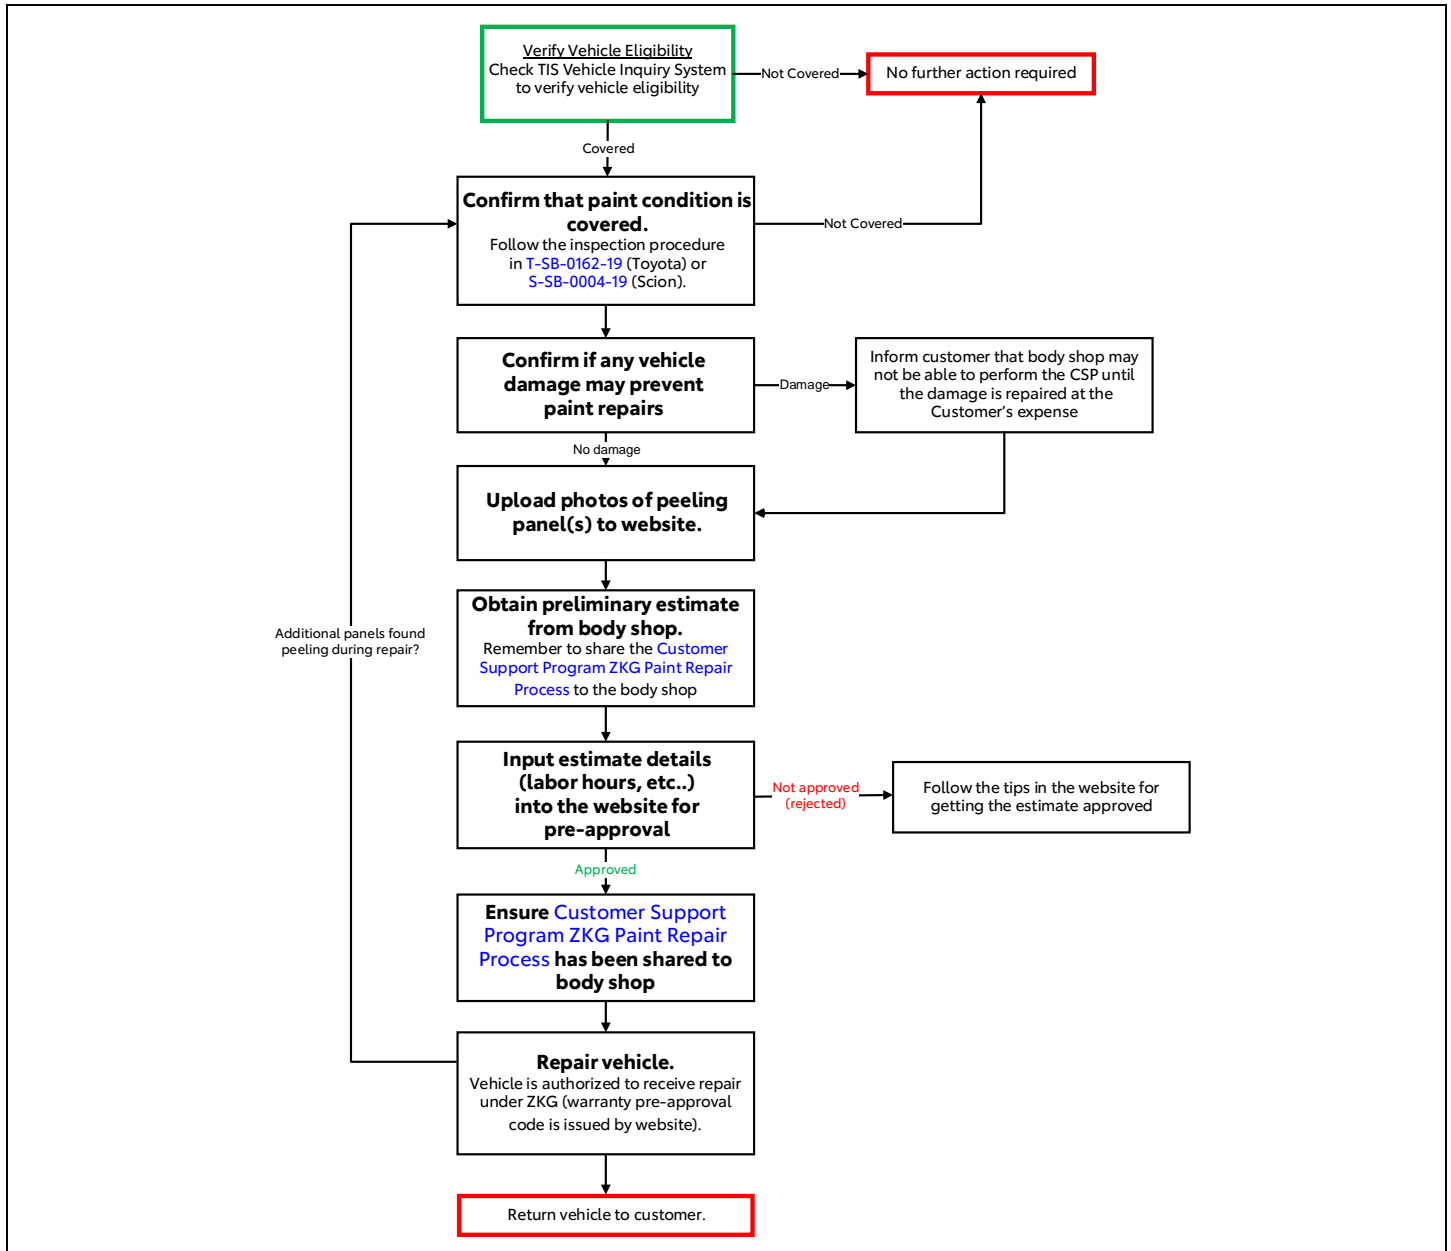

All parts replaced as part of this Customer Support Program must be turned over to the parts department until appropriate disposition is determined. The parts department must retain these parts until notification via the Parts Recovery System (PRS) is received indicating whether to ship or scrap the parts. These parts are utilized by various departments for defect analysis, quality control analysis, product evaluation, as well as other purposes.

To help minimize dealer storage challenges, Toyota recommends that dealers:

- File the campaign claim accurately and promptly. The time a dealer is required to hold parts is based on when the campaign claim is paid by Toyota.
- Monitor the Warranty Parts Recovery Notifications and Part Scrap Report regularly.

Refer to Warranty Policies [9.3 and 9.6](#) for additional details.

Warranty Reimbursement Procedures

NOTE: If the vehicle is still under the New Vehicle Limited Warranty, submit the repair as a **Regular** warranty claim.

Model	Op Code	Description	Flat Rate Hours
All but Highlander/ Highlander HV	ZKG001	Repaint the affected panel(s)	1.0 hr / vehicle*
Highlander/ Highlander HV	Z2G001 (Submit under campaign Z2G)		

Warranty Reimbursement Procedures Continued...

A “warranty pre-approval code” must be issued by the website prior to authorizing any repairs. Include the code in the CCR of the claim. This warranty pre-approval code is not a guarantee for payment of the claim. All ZKG claims are subject to warranty department review for proper claim submission and compliance with Toyota Warranty Policy and Procedures including Policies 8.22 and 4.12.

*On October 29, 2021, Toyota increased the flat rate time of Op Code ZKG001 to 1.0 hr / vehicle.

The flat rate time includes 1.0 hour for administrative cost per unit for the dealership which includes the administrative time to upload photos and body shop preliminary estimate details to the website, and coordinate the repair with a body shop.

- **Sublets:**

- The total cost of the final invoice from the body shop should be included in the sublet section as sublet type “PT”. A copy of the invoice is required to be attached.
- **DO NOT** include the actual cost of parts in the sublet section. The actual cost of parts should be subtracted from the sublet bill if they are included in the body shop’s final invoice. Parts should **ONLY** be claimed in the parts section of the warranty claim.
- In the very rare case that your dealership was required to use the damp cloth confirmation procedure described in [T-SB-0162-19](#) (Toyota) or [S-SB-0004-19](#) (Scion), claim the cost under sublet type “ZZ” using the following formula: 0.3 hours x Dealer Hourly Warranty Labor Rate x the number of panels where the condition was confirmed using the damp cloth confirmation procedure. Photos must be attached to the claim showing that the condition exists after the damp cloth confirmation.

Labor Rate for Body and Paint Work:

As provided in Policy 8.22, a dealership’s service department mechanical rate **may not be used** for the body and paint work performed under ZKG. If the work is performed by the dealership’s own body shop, the labor rate used for calculation of labor charges must be the posted body shop labor rate, not the service department’s mechanical rate. If the work is performed as a sublet by an independent body shop, as provided in Policy 4.12, the sublet repair shop’s invoice must include the reasonable and customary repair shop rate, not the dealership’s service department rate.

Important Note: As provided in Policy 5.3, pre-authorization is required to submit a claim for paint repairs exceeding \$1,000, or as required in any Policy or Procedure. For ZKG work, this pre-authorization is obtained at the ZKG website (“warranty pre-approval code”) by a dealer submitting a preliminary estimate and photos. As provided in Policy 5.3, this authorization to submit a claim is not a guarantee for payment of the claim, which is subject to Toyota’s review, including proper claim submission and compliance with Toyota Warranty Policy and Procedures. In addition, a dealer claim for the work must follow the labor rate policies described in this Dealer Letter and Toyota Warranty Policy and Procedures.

Claim Filing Accuracy and Correction Requests

It is the dealer’s responsibility to file claims correctly for this Customer Support Program. This claim filing information is used by Toyota for various government reporting activities; therefore, claim filing accuracy is crucial. If it has been identified that a claim has been filed using an incorrect Op Code or a claim has been filed for an incorrect VIN, refer to Warranty Procedure Bulletin [PRO17-03](#) to correct the claim.

Loaner Vehicle Reimbursement Procedure

The cost of providing a loaner vehicle for the period that the vehicle is undergoing repairs through Toyota Rent-A-Car (TRAC) may be claimed at a maximum rate of \$42.00 per day as sublet type "RT". The maximum allowable claimable days should follow the table below.

Total "Body" + "Paint" Labor Hours from Body Shop Invoice	Maximum Claimable Loaner Vehicle Days
0-3	0
4-8	3
9-16	4
17-24	5
25-32	6
33-40	7
41-48	8
49-56	9
57-64	10
65-72	11
73-80	12
81-88	13
89-96	14
97-104	15
105-112	16
113-120	17

- *For rentals that exceed the maximum number of allowable days and/or dollars per day, refer to the Toyota Transportation Assistance Policy (TTAP) for DSPM authorization requirements.*
- **Rental invoice *MUST* be attached to all rental claims. These claims may be subject to debit if rental invoice is not attached.**

Customer Reimbursement

Reimbursement consideration instructions will be included in the owner letter.

Thank you for your cooperation.

◀ IMPORTANT UPDATE ▶

DATE	TOPIC
April 28, 2022	<ul style="list-style-type: none">Toyota has added approximately 430,700 2008 – 2018 model year Highlander and Highlander Hybrid vehicles to this Customer Support Program
October 27, 2020	<ul style="list-style-type: none">Toyota has added approximately 35,200 certain 2010 – 2018 model year Sequoia vehicles to this Customer Support Program
May 15, 2020	<ul style="list-style-type: none">Toyota has added approximately 31,500 vehicles to the covered vehicles population.Q/A #11 has been updated regarding vehicles that have been added to this Customer Support Program
December 12, 2019	<p>This document has been updated to clarify that only authorized Toyota dealerships are authorized to confirm if the paint peeling condition is covered by this program. <u>However</u>, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc).</p> <p>Note that as of May 15, 2020, Toyota Certified Collision Centers are now permitted to confirm if the paint peeling condition is covered by this program. Review the Dealer Letter for detailed information, policies, and training requirements.</p>

The most recent update will be highlighted with a **red box**.

Q1: What is the condition?

A1: Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on exterior metal body panels.

Q1a: What specific paint colors are affected by this condition?

A1a: The vehicles involved in this program were factory-painted with *Blizzard Pearl* (Toyota paint code 070) or *Super White* (Toyota paint code 040) paint color.

Q2: What is Toyota going to do?

A2: In early August 2019, Toyota announced the “Customer Notification Phase” of this program. Toyota is now launching the repair portion of this program

Q3: How will owners be notified that the repair is available for their vehicle?

A3: Toyota is administering this program in multiple phases.

Phase 1 – Customer Notification

In the interest of customer satisfaction, Toyota first notified owners via first class mail between late August 2019 and mid-September 2019 about this program, provided a process for reimbursing out of pocket expenses associated with this condition incurred prior to September 26, 2019, informed owners that Toyota is working on the repair for their vehicle, and that they will be re-notified when the repair becomes available. Refer to the table below for a summary of these vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2008 – 2015 4Runner	Late December 2007 – Late May 2015	73,900
2008 – 2017 Avalon	Early January 2008 – Late May 2017	86,600
2013 – 2017 Avalon Hybrid	Late May 2012 – Late May 2017	13,800
2008 – 2017 Camry	Early January 2008 – Late February 2017	555,700
2008 – 2017 Camry Hybrid	Early January 2008 – Late February 2017	47,400
2009 – 2019 Corolla	Late November 2007 – Late September 2018	580,700
2011 – 2015 Scion iQ	Late September 2010 – Late September 2014	3,200
2008 – 2017 RAV 4	Early January 2008 – Early September 2017	332,400
2012 – 2014 RAV 4 EV	Late July 2012 – Late August 2014	1,100
2008 – 2015 Scion xB	Mid January 2007 – Late December 2015	44,200

Phase 2 – Repair Available and Customer Re-notification

In early December 2019 Toyota launched the repair portion of this program. Toyota started re-notifying owners involved in phase 1 regarding the availability of the repair in late December 2019.

Phase 3 – Approximately 31,500 vehicles added to this Customer Support Program

In mid-May 2020, Toyota added approximately 31,500 vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2008 Avalon	Late February 2007 – Late December 2007	5,000
2008 – 2009 Camry	Early August 2007 – Late December 2007	18,600
2008 Camry Hybrid	Early August 2007 – Late December 2007	2,800
2008 Corolla	Early June 2007 – mid-December 2007	5,100

Phase 4 – Approximately 35,200 model year 2010 – 2018 Sequoia vehicles added to this Customer Support Program

In late October 2020, Toyota added approximately 35,200 model year 2010 – 2018 Sequoia vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2010 – 2018 Sequoia	Early May 2009 – Late August 2018	35,200

Phase 5 – Approximately 430,700 2008 – 2018 model year Highlander and Highlander Hybrid vehicles added to this Customer Support Program

In late April 2022, Toyota added approximately 430,700 2008 – 2018 model year Highlander and Highlander Hybrid vehicles to this Customer Support Program and the repair is available for these vehicles. Refer to the table below for a summary of the added vehicles.

Model / Years	Production Period	Approximate Total Vehicles
2010 – 2018 Highlander	Late May 2007 – Late August 2018	401,600
2008 – 2018 Highlander Hybrid	Late August 2007 – Late August 2018	29,100

Q4: Which and how many vehicles are covered by this Customer Support Program?

A4: There are now approximately 2,236,400 vehicles covered by this Customer Support Program.

Model Name	Model Year	Production Period
4Runner	2008 – 2015	Late December 2007 – Late May 2015
Avalon	2008 – 2017	Late February 2007 – Late May 2017
Avalon Hybrid	2013 – 2017	Late May 2012 – Late May 2017
Camry	2008 – 2017	Early August 2007 – Late February 2017
Camry Hybrid	2008 – 2017	Early August 2007 – Late February 2017
Corolla	2009 – 2019	Early June 2007 – Late September 2018

Highlander Hybrid	2008 – 2018	Late August 2007 – Late August 2018

Q4a: Are there any other vehicles covered by this Customer Support Program in the U.S.?

A4a: Yes, there are approximately 5,780 2008 – 2009 model year Lexus GX 470 vehicles covered by this Customer Support Program.

Q5: What are the coverage details of this program?

A5: This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted.

Duration of Coverage	
Phase 1 – 4 vehicles	<ul style="list-style-type: none">• The Primary Coverage will be offered until December 11, 2022, regardless of mileage.• After the Primary Coverage, the Secondary Coverage is applicable for 10 years from the date of first use, regardless of mileage.
Phase 5 vehicles	<ul style="list-style-type: none">• The Primary Coverage will be offered until November 4, 2024, regardless of mileage.• After the Primary Coverage, the Secondary Coverage is applicable for 10 years from the date of first use, regardless of mileage.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.

This coverage is for work performed at an authorized Toyota dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.*

**Only authorized Toyota dealerships (and Toyota Certified Collision Centers) are authorized to confirm if the paint peeling condition is covered by this program. However, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc).*

Q6: *What if my vehicle's paint is peeling from this condition, but my vehicle has damage that requires repair prior to repairing the peeling condition?*

A6: This Customer Support Program only provides the coverage described above. This program does not cover the repair of damage (e.g. collision damage, dents, etc..) which may be required to complete the Customer Support Program repair. Some dealers may be willing to repair damage needed to complete this Customer Support Program. If your dealer is willing to do so, you will be responsible for any costs associated with the damage repair. If you elect not to repair the damage, the dealer may indicate that they are not able to complete the Customer Support Program repair.

Q7: *What should I do if the factory-applied Blizzard Pearl or Super White paint is currently peeling from this condition?*

A7: If an owner thinks that he/she has experienced the condition described in this Customer Support Program, a local Toyota dealer should be contacted for appropriate diagnosis and repair. If the condition is verified as being in accordance with the terms of the program, the repair will be performed **FREE OF CHARGE** to the owner. Note that after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc).

Q7a: *What if the diagnosis is performed and my vehicle is not covered by the Customer Support Program?*

A7a: Please be aware that, if the condition is not covered by this Customer Support Program, you may be responsible for the initial diagnostic fees and any other repairs you may decide to have performed. Any authorized Toyota Dealership can determine if a condition is covered by this Customer Support Program.

Q8: *What if an owner HAS NOT experienced this condition but would like to have the repair completed?*

A8: This Customer Support Program only applies to vehicles that have exhibited the condition described above. If an owner has not experienced the condition, he/she is asked to tear off the sheet included in the owner letter and insert it into the Owner's Warranty Information Booklet for future reference.

Q9: *Do I need to wait until I receive an owner notification letter before visiting a dealer to receive a repair?*

A9: No. you may visit any authorized Toyota dealer for diagnosis if your vehicle is exhibiting the condition and, if applicable, repair.

Q10: What is involved in the repair?

A10: If the condition is verified as being in accordance with the terms of the program, the specific metal panel affected will be repainted. Your vehicle will not be completely repainted under this program.

Q10a: May the affected panel be repainted with a new color different from the factory-applied color?

A10a: No. The affected panel will be repainted to match the current color of the vehicle's factory-applied Blizzard Pearl or Super White paint.

For example, if your vehicle was factory painted with Super White paint, the affected panel will be painted to match the current color of the vehicle's factory-applied Super White paint. The panel may not be repainted with any other color such as Blizzard Pearl, orange, blue, grey, etc.

Q11: Can I be reimbursed if I previously paid for repairs related to factory-applied paint peeling from my vehicle due to this condition?

A11:

Phase 1 and 2 vehicle owners:

Owners involved in phases 1 and 2 who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to September 26, 2019, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after September 26, 2019. Customer reimbursement instructions will be included in the owner letter.

Phase 3 vehicle owners:

Owners of the approximately 31,500 vehicles involved in phase 3 who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to August 8, 2020, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after August 8, 2020. Customer reimbursement instructions will be included in the owner letter.

Phase 4 vehicle owners:

Owners of the approximately 35,200 vehicles involved in phase 4 who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to December 28, 2020, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after December 18, 2020. Customer reimbursement instructions will be included in the owner letter.

Phase 5 vehicle owners:

Owners of the approximately 430,700 vehicles involved in phase 5 who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to November 12, 2022, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after November 12, 2022. Customer reimbursement instructions will be included in the owner letter.

Q12: Which factory-applied paints are covered by this Customer Support Program?

A12: The factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program.

Q13: Is the paint on plastic body panels covered by this Customer Support Program?

A13: Factory-applied paint on plastic body panels (for example: a plastic bumper cover) **is not covered**. Only factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program. Plastic body panels are not covered by this program because plastic body panels do not have a base metal electrodeposition layer and are; therefore, not affected.

Q14: How long will the repair take?

A14: Depending upon the location and extent of the peeling condition on your vehicle, the repair time for your vehicle can vary (for example: between approximately 1 day and 2 weeks). Once the peeling condition covered by this program has been verified on your vehicle, your authorized Toyota dealer will advise you about the necessary repair time. If the repair is estimated to exceed 4 hours, a loaner vehicle may be provided for the period that your vehicle is undergoing repair

Q15: How does Toyota obtain my mailing information?

A15: Toyota uses an industry provider who works with each state's Department of Motor Vehicles (DMV) to receive registration or title information, based upon the DMV records. Please make sure your registration or title information is correct.

Q16: What if I have additional questions or concerns?

A16: If you have additional questions or concerns, please contact the Toyota Customer Experience Center at 1-888-270-9371 Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.

CUSTOMER SUPPORT PROGRAM NOTIFICATION
Paint Peeling (Vehicles Painted with Factory-Applied Blizzard Pearl or Super White Paint)

[VIN]

Dear Toyota Owner:

At Toyota, we provide vehicles of outstanding quality and value. As part of our continuing efforts to ensure customer satisfaction, Toyota would like to notify you of a voluntary Customer Support Program that has been initiated for your vehicle.

Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on any exterior metal body panels.

This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel.

What should you do?

At this time, Toyota is working on a repair for this Customer Support Program. However, we want you to know your vehicle is included in this program and that the repair under this program is forthcoming. Reimbursement may also be available if you have previously paid for repairs involving this condition prior to September 26, 2019.

We will send you another owner notification letter once the repair under this Customer Support Program is available for your vehicle. If you have not experienced the condition described, there is no action necessary at this time. Please retain a copy of this letter for future reference.

What if you have other questions?

- *Refer to the Frequently Asked Questions sheet included with this letter.*
- Customers with additional questions or concerns are asked to please contact the Toyota Customer Experience Center (1-888-270-9371) – Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

If you would like to update your vehicle ownership or contact information, please visit www.toyota.com/owners. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

What if you have previously paid for repairs to your vehicle for this specific condition?

Please note: Once the repair is finalized and available, an authorized Toyota dealer inspection is required under this Customer Support Program. The authorized Toyota dealer will confirm the condition and affected areas for coverage under the program.

In the interest of customer satisfaction, if you have previously paid for repairs related to this condition prior to September 26, 2019, please mail a copy of your repair details (for example: a repair order), proof-of-payment, and ownership information to the following address for reimbursement consideration:

Note that the expense must have been incurred prior to September 26, 2019. Toyota does not reimburse for expenses incurred after September 26, 2019.

Toyota Customer Experience Center – TSR
Toyota Motor Sales, USA, Inc.

Plano, Texas 75025-9001

Please refer to the attached Reimbursement Checklist for required documentation details.

We have sent this notice in the interest of your continued satisfaction with our products. We sincerely regret any inconvenience this condition may have caused you.

Thank you for driving a Toyota.

Sincerely,

TOYOTA MOTOR SALES, U.S.A., INC.

TOYOTA

CUSTOMER SUPPORT PROGRAM FREQUENTLY ASKED QUESTIONS

Q1: *Is this a recall?*

A1: No. This is not a recall. At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to help ensure customer satisfaction, Toyota is advising you of this Customer Support Program.

Q2: *Why is Toyota notifying me now if Toyota is not ready to implement the repair for this Customer Support Program?*

A2: In the interests of customer satisfaction, Toyota is notifying you about this condition and that Toyota is working on a repair. If the condition does occur or currently exists with your covered vehicle, a repair will be provided at no cost to you in accordance with the terms of the Customer Support Program once preparations for the repair are completed for this Customer Support Program. There is no need to contact your dealer for confirmation of the condition or diagnosis until the repair preparations for this program are complete.

Q3: *When does Toyota anticipate the repair will be ready?*

A3: Toyota is currently working on the repair procedures and necessary materials to complete the repair for the affected vehicles and we anticipate that this may take several months. Once those preparations are complete, any vehicle exhibiting the condition will be eligible to receive a repair under the terms of this Customer Support Program.

At that time, Toyota will begin notifying customers that repairs are ready to be performed under this program through a second letter. Letters will be sent over several months. At that point, if the you experience or have experienced the condition, you should contact your local authorized Toyota dealership for diagnosis. If the condition is verified, the dealer will arrange to have the repair performed **FREE OF CHARGE** in accordance with the terms of this Customer Support Program.

Q4: *Do I need to wait until I actually receive a second owner notification letter before visiting a dealer to receive a repair?*

A4: No. As soon as the repair under this this Customer Support Program begins, you should visit any authorized Toyota dealer for diagnosis if your vehicle is exhibiting the condition and, if applicable, repair.

Q5: *Can I be reimbursed if I previously paid for repairs related to factory-applied paint peeling from my vehicle due to this condition?*

A5: Customers who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to September 26, 2019, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after September 26, 2019.

Q6: *What should I do if the factory-applied Blizzard Pearl or Super White paint is currently peeling from this condition?*

A6: Toyota is currently working on the repair for this condition under this program. Toyota recommends that you wait until the repair has been launched because dealers are not yet ready to perform the repair. We will begin sending the second owner notification letter as soon as the repair for this Customer Support Program is ready.

Q7: *What is involved in the repair?*

A7: Toyota is still developing the repair and the specific details of the repair covered under this program have not been finalized yet. However, the repair will be limited to repainting the specific area of the vehicle's exterior affected by the condition.

Please note, as the program is still under development, the above details are still subject to change.

When Toyota launches the repair for this Customer Support Program, the specific details of the repair covered under this program will be provided.

Q8: *Is the Customer Support Program coverage transferable if I sell my vehicle?*

A8: Yes, this Customer Support Program coverage is fully transferrable to subsequent vehicle owners for the condition and terms specified in the notification letter.

Q9: *Which factory-applied paints are covered by this Customer Support Program?*

A9: The factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program.

Q9a: *Is the factory-applied paint on plastic body panels covered by this Customer Support Program?*

A9a: No. Factory-applied paint on plastic body panels (for example: a plastic bumper cover) is not covered. Only the factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program. Plastic body panels are not covered by this program because plastic body panels do not have the base metal electrodeposition layer that is affected by this condition.

CUSTOMER SUPPORT PROGRAM NOTIFICATION
Paint Peeling (Vehicles Painted with Factory-Applied Blizzard Pearl or Super White Paint)

[VIN]

Dear Toyota Owner:

At Toyota, we provide vehicles of outstanding quality and value. You previously received a notice from Toyota informing you that your vehicle is included in this Customer Support Program and that the repair for your vehicle is forthcoming. This notice is to inform you that the repair is now available for your vehicle.

Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on any exterior metal body panels.

This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.

This coverage is for work performed at an authorized Toyota dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.

<u>Primary Coverage</u>	<u>Secondary Coverage</u> (After Primary Coverage ends)
Applicable until December 11, 2022	Applicable for 10 years from the vehicle's date of first use regardless of mileage.

What should you do?

Please tear off and insert the sheet at the bottom of the page into the back of your Owner's Manual for future reference. If you have not experienced the condition described in the Customer Support Program Details below, there is no action necessary at this time.

If you have experienced this condition, please contact any authorized Toyota dealer and make arrangements for diagnosis and, if applicable, repair.

What if you have other questions?

- *Refer to the Frequently Asked Questions sheet included with this letter.*
- *Your local Toyota dealer will also be more than happy to answer any of your questions.*

TOYOTA

CUSTOMER SUPPORT PROGRAM FREQUENTLY ASKED QUESTIONS

Q1: *Is this a recall?*

A1: No. This is not a recall. At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to help ensure customer satisfaction, Toyota is advising you of this Customer Support Program.

Q2: *What if an owner HAS NOT experienced this condition but would like to have the repair completed?*

A2: This Customer Support Program only applies to vehicles that have exhibited the condition described above. If you have not experienced the condition, please tear off the sheet included in the owner letter and insert it into your Owner's Warranty Information Booklet for future reference.

Q3: *What should I do if the factory-applied Blizzard Pearl or Super White paint is currently peeling from this condition?*

A3: If you believe that you have experienced the condition described in this Customer Support Program, contact your local Toyota dealer for appropriate diagnosis and repair. If the condition is verified as being in accordance with the terms of the program, the repair will be performed FREE OF CHARGE.

Q3a: *What if the diagnosis is performed and my vehicle is not covered by the Customer Support Program?*

A3a: Please be aware that, if the condition is not covered by this Customer Support Program, you may be responsible for the initial diagnostic fees and any other repairs you may decide to have performed. Any authorized Toyota Dealership can determine if a condition is covered by this Customer Support Program.

Q4: *What is involved in the repair:*

A4: If the condition is verified as being in accordance with the terms of the program, the specific panel affected will be repainted. Your vehicle will not be completely repainted under this program.

Q10a: *May the affected panel be repainted with a new color different from the factory-applied color?*

A10a: No. The affected panel will be repainted to match the current color of the vehicle's factory-applied Blizzard Pearl or Super White paint.

For example, if your vehicle was factory painted with Super White paint, the affected panel will be painted to match the current color of the vehicle's factory-applied Super White paint. The panel may not be repainted with any other color such as Blizzard Pearl, orange, blue, grey, etc.

Q5: *How long will the repair take?*

A5: Depending upon the location and extent of the peeling condition on your vehicle, the repair time for your vehicle can vary (for example: between approximately 1 day and 2 weeks). Once the peeling condition covered by this program has been verified on your vehicle, your authorized Toyota dealer will advise you about the necessary repair time. If the repair is estimated to exceed 4 hours, a loaner vehicle may be provided for the period that your vehicle is undergoing repair.

Q6: *Which factory-applied paints are covered by this Customer Support Program?*

A6: The factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program.

Q7: *Is the paint on plastic body panels covered by this Customer Support Program?*

A7: No. Factory-applied paint on plastic body panels (for example: a plastic bumper cover) *is not* covered. Only factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program. Plastic body panels are not covered by this program because plastic body panels do not have a base metal electrodeposition layer and are, therefore, not affected.

Q8: *Can I be reimbursed if I previously paid for repairs related to factory-applied paint peeling from my vehicle due to this condition?*

A8: Customers who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to September 26, 2019, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after September 26, 2019. Customer reimbursement instructions will be included in the owner letter.

Q9: *What if my vehicle's paint is peeling from this condition, but my vehicle has damage that requires repair prior to repairing the peeling condition.*

A9: This Customer Support Program only provides the coverage described above. This program does not cover the repair of damage (e.g. collision damage, dents, etc..) which may be required to complete the Customer Support Program repair. Some dealers may be willing to repair damage needed to complete this Customer Support Program. If your dealer is willing to do so, you will be responsible for any costs associated with the damage repair. If you elect not to repair the damage, the dealer may indicate that they are not able to complete the Customer Support Program repair.

CUSTOMER SUPPORT PROGRAM NOTIFICATION
Paint Peeling (Vehicles Painted with Factory-Applied Blizzard Pearl or Super White Paint)

[VIN]

Dear Toyota Owner:

At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to ensure customer satisfaction, Toyota would like to advise you of a voluntary Customer Support Program that has been initiated for your vehicle.

Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on any exterior metal body panels.

This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.

This coverage is for work performed at an authorized Toyota dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.*

**Only authorized Toyota dealerships are authorized to confirm if the paint peeling condition is covered by this program. However, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc.).*

<u>Primary Coverage</u>	<u>Secondary Coverage</u> (After Primary Coverage ends)
Applicable until December 11, 2022	Applicable for 10 years from the vehicle's date of first use regardless of mileage.

What should you do?

Please tear off and insert the sheet at the bottom of the page into the back of your Owner's Manual for future reference. If you have not experienced the condition described in the Customer Support Program Details below, there is no action necessary at this time.

If you have experienced this condition, please contact any authorized Toyota dealer and make arrangements for diagnosis and, if applicable, repair.

What if you have other questions?

- Refer to the Frequently Asked Questions sheet included with this letter.
- Your local Toyota dealer will also be more than happy to answer any of your questions.
- Customers with additional questions or concerns are asked to please contact the Toyota Customer Experience Center (1-888-270-9371) – Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

If you would like to update your vehicle ownership or contact information, please visit www.toyota.com/owners. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

What if you have previously paid for repairs to your vehicle for this specific condition?

Please note, an authorized Toyota dealer inspection is required under this Customer Support Program. The authorized Toyota dealer will confirm the condition and affected areas for coverage under the program.

In the interest of customer satisfaction, if you have previously paid for repairs related to this condition prior to August 8, 2020, please mail a copy of your repair details (for example: a repair order), proof-of-payment, and ownership information to the following address for reimbursement consideration:

Note that the expense must have been incurred prior to August 8, 2020. Toyota does not reimburse for expenses incurred after August 8, 20120.

The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted*.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.
- The **Primary Coverage** will be offered until December 11, 2022, regardless of mileage.
- After the Primary Coverage, the **Secondary Coverage** is applicable for 10 years from the date of first use, regardless of mileage.

Please note that this coverage is for work performed at an authorized Toyota dealer only.

*Please see your Toyota dealer for additional details

*This coverage is for work performed at an authorized Toyota dealer only**. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.*

***Only authorized Toyota dealerships are authorized to confirm if the paint peeling condition is covered by this program. However, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc.).*

TOYOTA

CUSTOMER SUPPORT PROGRAM FREQUENTLY ASKED QUESTIONS

Q1: *Is this a recall?*

A1: No. This is not a recall. At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to help ensure customer satisfaction, Toyota is advising you of this Customer Support Program.

Q2: *What if an owner HAS NOT experienced this condition but would like to have the repair completed?*

A2: This Customer Support Program only applies to vehicles that have exhibited the condition described above. If you have not experienced the condition, please tear off the sheet included in the owner letter and insert it into your Owner's Warranty Information Booklet for future reference.

Q3: *What should I do if the factory-applied Blizzard Pearl or Super White paint is currently peeling from this condition?*

A3: If you believe that you have experienced the condition described in this Customer Support Program, contact your local Toyota dealer for appropriate diagnosis and repair. If the condition is verified as being in accordance with the terms of the program, the repair will be performed FREE OF CHARGE. Note that after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc).

Q3a: *What if the diagnosis is performed and my vehicle is not covered by the Customer Support Program?*

A3a: Please be aware that, if the condition is not covered by this Customer Support Program, you may be responsible for the initial diagnostic fees and any other repairs you may decide to have performed. Any authorized Toyota Dealership can determine if a condition is covered by this Customer Support Program.

Q4: *What is involved in the repair?*

A4: If the condition is verified as being in accordance with the terms of the program, the specific panel affected will be repainted. Your vehicle will not be completely repainted under this program.

Q4a: *May the affected panel be repainted with a new color different from the factory-applied color?*

A4a: No. The affected panel will be repainted to match the current color of the vehicle's factory-applied Blizzard Pearl or Super White paint.

For example, if your vehicle was factory painted with Super White paint, the affected panel will be painted to match the current color of the vehicle's factory-applied Super White paint. The panel may not be repainted with any other color such as Blizzard Pearl, orange, blue, grey, etc.

Q5: *How long will the repair take?*

A5: Depending upon the location and extent of the peeling condition on your vehicle, the repair time for your vehicle can vary (for example: between approximately 1 day and 2 weeks). Once the peeling condition covered by this program has been verified on your vehicle, your authorized Toyota dealer will advise you about the necessary repair time. If the repair is estimated to exceed 4 hours, a loaner vehicle may be provided for the period that your vehicle is undergoing repair.

Q6: *Which factory-applied paints are covered by this Customer Support Program?*

A6: The factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program.

Q7: *Is the paint on plastic body panels covered by this Customer Support Program?*

A7: No. Factory-applied paint on plastic body panels (for example: a plastic bumper cover) is not covered. Only factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program. Plastic body panels are not covered by this program because plastic body panels do not have a base metal electrodeposition layer and are; therefore, not affected.

Q8: *Can I be reimbursed if I previously paid for repairs related to factory-applied paint peeling from my vehicle due to this condition?*

A8: Customers who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to August 8, 2020, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after August 8, 2020. Customer reimbursement instructions will be included in the owner letter.

Q9: *What if my vehicle's paint is peeling from this condition, but my vehicle has damage that requires repair prior to repairing the peeling condition.*

A9: This Customer Support Program only provides the coverage described above. This program does not cover the repair of damage (e.g. collision damage, dents, etc..) which may be required to complete the Customer Support Program repair. Some dealers may be willing to repair damage needed to complete this Customer Support Program. If your dealer is willing to do so, you will be responsible for any costs associated with the damage repair. If you elect not to repair the damage, the dealer may indicate that they are not able to complete the Customer Support Program repair.

CUSTOMER SUPPORT PROGRAM NOTIFICATION
Paint Peeling (Vehicles Painted with Factory-Applied Blizzard Pearl or Super White Paint)

[VIN]

Dear Toyota Owner:

At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to ensure customer satisfaction, Toyota would like to advise you of a voluntary Customer Support Program that has been initiated for your vehicle.

Toyota has received reports of paint peeling on certain vehicles with the original factory-applied Blizzard Pearl or Super White paint colors. These reports indicate that vehicles with these specific paint colors, applied during the vehicle manufacturing process, may experience paint peeling on any exterior metal body panels.

This Customer Support Program provides coverage for involved vehicles with the original factory Blizzard Pearl or Super White paint. The covered condition may occur when sunlight over time degrades the adhesion between the factory-applied paint primer coat layer and the base metal electrodeposition layer causing the paint to peel from the metal body panel. If the condition is verified, the specific panel affected will be repainted.

Note:

Damage to the vehicle exterior (such as collision damage, deep scratches, dents, etc..) may prevent a repair facility from performing the paint repair covered by this Customer Support Program.

This Customer Support Program does not cover repair of such damage.

If any damage must be repaired prior to performing the paint repair covered by this Customer Support Program, the dealer may offer to repair the damage at the customer's expense.

Examples of damage that might prevent paint repair are:

- Collision damage.
- Dents.
- Deep scratches.
- Deep rock chips.

This coverage is for work performed at an authorized Toyota dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet.*

**Only authorized Toyota dealerships are authorized to confirm if the paint peeling condition is covered by this program. However, after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc.).*

<u>Primary Coverage</u>	<u>Secondary Coverage</u> (After Primary Coverage ends)
Applicable until December 11, 2022	Applicable for 10 years from the vehicle's date of first use regardless of mileage.

What should you do?

Please tear off and insert the sheet at the bottom of the page into the back of your Owner's Manual for future reference. If you have not experienced the condition described in the Customer Support Program Details below, there is no action necessary at this time.

If you have experienced this condition, please contact any authorized Toyota dealer and make arrangements for diagnosis and, if applicable, repair.

What if you have other questions?

- Refer to the *Frequently Asked Questions* sheet included with this letter.
- Your local Toyota dealer will also be more than happy to answer any of your questions.
- Customers with additional questions or concerns are asked to please contact the Toyota Customer Experience Center (1-888-270-9371) – Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

If you would like to update your vehicle ownership or contact information, please visit www.toyota.com/owners. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

What if you have previously paid for repairs to your vehicle for this specific condition?

Please note, an authorized Toyota dealer inspection is required under this Customer Support Program. The authorized Toyota dealer will confirm the condition and affected areas for coverage under the program.

In the interest of customer satisfaction, if you have previously paid for repairs related to this condition prior to December 18, 2020, please mail a copy of your repair details (for example: a repair order), proof-of-payment, and ownership information to the following address for reimbursement consideration:

Note that the expense must have been incurred prior to December 18, 2020. Toyota does not reimburse for expenses incurred after August 8, 2020.

CUSTOMER SUPPORT PROGRAM FREQUENTLY ASKED QUESTIONS

Q1: *Is this a recall?*

A1: No. This is not a recall. At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to help ensure customer satisfaction, Toyota is advising you of this Customer Support Program.

Q2: *What if an owner HAS NOT experienced this condition but would like to have the repair completed?*

A2: This Customer Support Program only applies to vehicles that have exhibited the condition described above. If you have not experienced the condition, please tear off the sheet included in the owner letter and insert it into your Owner's Warranty Information Booklet for future reference.

Q3: *What should I do if the factory-applied Blizzard Pearl or Super White paint is currently peeling from this condition?*

A3: If you believe that you have experienced the condition described in this Customer Support Program, contact your local Toyota dealer for appropriate diagnosis and repair. If the condition is verified as being in accordance with the terms of the program, the repair will be performed FREE OF CHARGE. Note that after confirming that the paint peeling condition is covered by this program, the authorized Toyota dealership may choose to coordinate to have the repainting repair performed by a non-Toyota repair facility (e.g. third-party collision repair facility, body shop, etc).

Q3a: *What if the diagnosis is performed and my vehicle is not covered by the Customer Support Program?*

A3a: Please be aware that, if the condition is not covered by this Customer Support Program, you may be responsible for the initial diagnostic fees and any other repairs you may decide to have performed. Any authorized Toyota Dealership can determine if a condition is covered by this Customer Support Program.

Q4: *What is involved in the repair?*

A4: If the condition is verified as being in accordance with the terms of the program, the specific panel affected will be repainted. Your vehicle will not be completely repainted under this program.

Q4a: *May the affected panel be repainted with a new color different from the factory-applied color?*

A4a: No. The affected panel will be repainted to match the current color of the vehicle's factory-applied Blizzard Pearl or Super White paint.

For example, if your vehicle was factory painted with Super White paint, the affected panel will be painted to match the current color of the vehicle's factory-applied Super White paint. The panel may not be repainted with any other color such as Blizzard Pearl, orange, blue, grey, etc.

Q5: *How long will the repair take?*

A5: Depending upon the location and extent of the peeling condition on your vehicle, the repair time for your vehicle can vary (for example: between approximately 1 day and 2 weeks). Once the peeling condition covered by this program has been verified on your vehicle, your authorized Toyota dealer will advise you about the necessary repair time. If the repair is estimated to exceed 4 hours, a loaner vehicle may be provided for the period that your vehicle is undergoing repair.

Q6: *Which factory-applied paints are covered by this Customer Support Program?*

A6: The factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program.

Q7: *Is the paint on plastic body panels covered by this Customer Support Program?*

A7: No. Factory-applied paint on plastic body panels (for example: a plastic bumper cover) *is not covered*. Only factory-applied Blizzard Pearl (Toyota paint code 070) and Super White (Toyota paint code 040) paint on the vehicle's exterior metal body panels are covered by this program. Plastic body panels are not covered by this program because plastic body panels do not have a base metal electrodeposition layer and are, therefore, not affected.

Q8: *Can I be reimbursed if I previously paid for repairs related to factory-applied paint peeling from my vehicle due to this condition?*

A8: Customers who have already paid for repairs related to this condition may qualify for reimbursement of some, or all, of their out of pocket costs. The expense must have been incurred prior to November 12, 2022, and sufficient documentation submitted, to qualify for reimbursement. Toyota will not reimburse for out of pocket costs incurred after November 12, 2022. Customer reimbursement instructions will be included in the owner letter.

Q9: *What if my vehicle's paint is peeling from this condition, but my vehicle has damage that requires repair prior to repairing the peeling condition?*

A9: This Customer Support Program only provides the coverage described above. This program does not cover the repair of damage (e.g. collision damage, dents, etc.) which may be required to complete the Customer Support Program repair. Some dealers may be willing to repair damage needed to complete this Customer Support Program. If your dealer is willing to do so, you will be responsible for any costs associated with the damage repair. If you elect not to repair the damage, the dealer may indicate that they are not able to complete the Customer Support Program repair.
