

## GPOP - Issue Review System

**Part Number:** 1SG581R5A\$, 1SG58DX9A\$

**Part Description:** SEAT BELT, Front (Right)

---

**Issue Description:** For concern of front passenger seat belt is slow to retract upon exiting the vehicle, check if seat belt webbing is pinched at trim outlet. Seat belt retractor turning loop installation can be adjusted to help give clearance between webbing and trim.
