

STAR ONLINE PUBLICATION

Case Number: S2208000059 - REV. A

Release Date: May 2022

Symptom/Vehicle Issue: Rear Seat Entertainment Screens Offline Or Blank

Discussion: The customer may find the Rear Seat Entertainment (RSE) screens may be offline, blank or are power cycling.

Technician Observation: The Video Routing Module (VRM) may not be responding on the CAN bus. Check for any DTC's. For active DTC's follow normal service diagnostics for set codes.

Please follow the below steps to resolve:

- Verify the screens connections are fully connected.
- Disconnect VRM and Reconnect VRM, turn vehicle back on. If both screens turn on, follow the next steps.
- Ensure the RSE screens are signed into Amazon, from there follow the steps below to check for software updates and ensure the FireTV is at the latest software.

Go through sign in process on rear screens:
