

CYPHER II FIRMWARE

New Firmware To Be Released

A firmware update will be released tomorrow June 29 at 7am PT for MY17-MY23 Zero Motorcycles that operate on the Cypher II platform. Please update your demo and showroom stock, as well as any customer vehicles in your service departments with this latest release.

Models supported:

- MY17-MY23 FXS
- MY17-MY23 FX
- MY22-MY23 FXE
- MY17-MY23 S
- MY17-MY23 DS
- MY17-MY23 DSR
- MY17-MY21 SR

This firmware release includes Cypher II MBB Rev 35 and BMS Rev 42 with the following release notes:

- Model year 2023 support
- Improvements to battery hibernation functionality

Thank you for your attention in installing this latest update. Please remember that firmware updates are provided free of charge to consumers for the life of their vehicle and that dealers should file a warranty claim to be reimbursed for firmware updates performed.
