Date: July 20, 2022

Subject: Cancellation of Stop Delivery Order for 2022MY GMC Terrain – N222376920  
– Wheelhouse Liner Build Shy – 2022MY GMC TERRAIN VINS REMOVED

To: All GMC Dealers

**CANCELLATION OF STOP DELIVERY ORDER FOR 2022MY GMC TERRAIN**

On July 13, 2022 and July 14, 2022, General Motors sent out GlobalConnect messages GCUS-3-2575 and GCUS-3-2577 respectively, advising of a Stop Delivery Order involving certain 2022 model year Chevrolet Equinox and GMC Terrain vehicles.

Due to favorable specific parts inventory and plant scheduling, the previously communicated Stop Delivery Order has been cancelled for new 2022 model year GMC Terrain vehicles, and we will no longer need to ship unfinished vehicles for later completion at your dealerships. For those dealers who also have a Chevrolet franchise, please note that the Stop Delivery Order is still in effect for the Equinox.

The Investigate Vehicle History (IVH) screen in the Global Warranty Management (GWM) system was updated today, July 20, 2022, to remove the Stop Delivery Order from the GMC Terrain VINs.
