

Service Bulletin

Bulletin No.: 22-NA-043

Date: February, 2022

INFORMATION

Subject: Phone Left In Wireless Cellphone Charger Reminder

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Corvette	2020	2022	—	—	—	—

Involved Region or Country	North America
Condition	Some customers may comment on exiting the vehicle without knowing their cell phone is still on the wireless charger.
Cause	The cause of the condition may be that the customer missed or declined an OTA update.
Correction	An update has been released to notify the driver in the DIC that a cellphone is on the wireless charger. If a customer brings in a vehicle with this condition, download the latest OTA update Wireless Accessory Charging Module software.

Version	1
Modified	Released February 21, 2022

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
